Connector Care 3

HMO Health Plan

Individual (Non-Group) Coverage

January 1, 2017

EXPLANATION OF COVERAGE

It is important to read any Amendments and Riders to your Explanation of Coverage (EOC). Amendments and Riders may change or replace parts of the EOC.

We explain your coverage for prescription drugs, chiropractic care and pediatric dental services in Riders that follow this Explanation of Coverage.

This health plan **meets Minimum Creditable Coverage standards** and **will satisfy** the individual mandate that you have health insurance. Please see inside this cover for additional information.

MASSACHUSETTS REQUIREMENT TO PURCHASE HEALTH INSURANCE:

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at (877) MA-ENROLL or visit the Connector website (mahealthconnector.org).

This health plan meets Minimum Creditable Coverage standards that are in effect January 1, 2017 as part of the Massachusetts Health Care Reform Law. If you purchase this plan, you will satisfy the statutory requirement that you have health insurance meeting these standards.

THIS DISCLOSURE IS FOR MINIMUM CREDITABLE COVERAGE STANDARDS THAT ARE IN EFFECT JANUARY 1, 2017. BECAUSE THESE STANDARDS MAY CHANGE, REVIEW YOUR HEALTH PLAN MATERIAL EACH YEAR TO DETERMINE WHETHER YOUR PLAN MEETS THE LATEST STANDARDS.

If you have questions about this notice, you may contact the Division of Insurance by calling (617) 521-7794 or visiting its website at www.mass.gov/doi.

Notice Informing Individuals of Nondiscrimination and Accessibility

Health New England complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Health New England does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Health New England:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact Elin Gaynor, Associate General Counsel.

If you believe that Health New England has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Elin Gaynor, Associate General Counsel, One Monarch Place, Suite 1500, Springfield, MA 01104-1500, Phone: (888) 270-0189, TTY: 711, Fax: (413) 233-2685 or ComplaintsAppeals@hne.com. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, Elin Gaynor, Associate General Counsel is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, (800) 368-1019, (800) 537-7697 (TDD).

Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html.

SECTION 1 – INTRODUCTION

WHAT'S IN THIS SECTION?

In this section, we describe what this book is and how to use it. We also tell you about Health New England. We describe our provider network. Our provider network is made up of the medical professionals with whom we are contracted to provide Covered Services to you. It includes doctors, hospitals, and other medical professionals and facilities.

Certain words in this book begin with a capital letter. They have a special meaning. We define these words in Section 14.

How to Use This Book

This Explanation of Coverage is called the "EOC" or "Agreement." In the EOC we talk about your coverage as a Member of Health New England. In this EOC, we call Health New England "HNE" or "the Plan." This EOC tells you what health care services HNE covers and how to get them. It is set up to help you find what you need to know about your coverage.

The Table of Contents lists each section of the EOC. It also lists where to find that section. At the beginning of each section there is a shaded box, like the box at the top of this page. Each box lists some of the important things to know about that section. You can find more details below the shaded box. In this EOC certain words have a special meaning. You can find definitions of these words in Section 14.

If you have any questions, please call us. HNE's phone numbers and web address are at the bottom of each page. Member Services help is available Monday – Friday, 8 a.m. – 6 p.m.

About Health New England (HNE)

HNE is licensed as a Health Maintenance Organization (an "HMO") in Massachusetts. An HMO is a health plan that requires you to get your care from specific doctors, hospitals, and other health care providers. We call these providers "In-Plan Providers."

HNE does not control the way In-Plan Providers do their work. These In-Plan Providers are independent contractors.

In-Plan Providers are part of the HNE network. There are three ways to find In-Plan Providers:

- You can check the Plan Provider Directory
- You can call HNE Member Services
- You can check healthnewengland.org

HNE updates the Plan Provider Directory each year. We may update it during the year, too. Providers are free to join or leave the network at any time. Some In-Plan Providers may have left or joined the HNE network since the last Directory was printed. Please call us or go to healthnewengland.org for the most up-to-date list of In-Plan Providers. The HNE website is updated weekly. HNE cannot guarantee that any provider or group of providers will continue to be In-Plan Providers.

HNE has a specific service area. It includes in Massachusetts:

- Hampden County
- Hampshire County
- Franklin County
- Berkshire County
- Worcester County

How the Plan Works

To find out if you and your spouse and/or dependents are eligible to participate in the Plan, please read the eligibility information in Section 7 of this EOC.

You Must Enroll to Receive Benefits!

You must enroll to receive benefits under this Plan. We explain this in Section 7 and Section 8 of this EOC. Benefits under the Plan are described in this EOC. You must read the EOC to understand your benefits!

Premium Payments

Each month you pay HNE for your coverage. This monthly payment is called the "Premium." The Premium covers many kinds of services. HNE covers checkups and other care to keep you healthy. We also cover hospital and other care when you are sick. When you use an In-Plan Provider, the bill is sent to HNE. For some services, you pay a set dollar amount called a "Copay" or a percentage amount called "Coinsurance."

Some Services Require Prior Approval

HNE must approve some kinds of care in advance. This is called "Prior Approval." One example is diagnostic imaging services. We list all of the services that require Prior Approval in Section 5 of this EOC. Your health care is covered only when it is Medically Necessary and appropriate.

Preexisting Conditions

This Plan does not limit or exclude coverage for preexisting conditions.

Exclusions

In this EOC we describe when benefits could be terminated, reduced, lost, or denied. We also list exclusions for certain medical procedures. Please read the booklet carefully.

Health New England In-Plan Providers

This HMO health plan requires you to get your care from specific doctors, hospitals, and other health care providers. We call these providers "In-Plan Providers." There may be exceptions to this requirement, for instance when there is no HNE In-Plan Provider available to treat you. See Section 2 of this EOC.

Your Payment Responsibilities

There are some services that HNE covers in full – you do not have to pay anything. For most services, however, you pay a set dollar amount or a percentage. A set dollar amount is called a "Copay." A percentage is called "Coinsurance." Copays and Coinsurance are listed in the Summary of Benefit Chart in Appendix A of this EOC. In general, you pay any Copay at the time you receive care. What you pay for health care services is called "Cost Sharing."

If your Plan has Out-of-Pocket Maximums, the amounts of these Out-of-Pocket Maximums are shown in the Summary of Benefit Chart in Appendix A of this EOC. This amount is the most you pay for Cost Sharing for Essential Health Benefits during a policy period (usually a year). Once you reach this amount your plan pays 100% of the Allowed Amount. Not all payments you make are counted towards the Out-of-Pocket Maximum. The Out-of-Pocket Maximum does not include, for example:

- Any part if the premium paid for the policy.
- Any payment you make for non-covered services

- Payments made for benefits which are not Essential Health Benefits (see the definition of Essential Health Benefits in Section 14)

Explanation of Benefits

When HNE process a claim for health care services, an Explanation of Benefits (EOB) is produced. This EOB shows how much the provider billed, how much HNE paid, and how much you owe the provider for Member Cost Sharing. It does not show whether or not you have paid the provider.

You can view EOBs on HNE's secure member portal. Visit healthnewengland.org and log onto the member portal "MyHNE." You can print an EOB from the portal. Or, if you wish to have EOBs sent to you, you can log onto the portal and change you mailing preferences. You can also request paper copies of your EOBs by calling Member Services at (800) 310-2835.

Claims Payment Information

For In-Plan Providers, you do not have to submit claims to HNE. In-Plan Providers do this for you. Sometimes you may need to submit claims to HNE. An example may be if you receive Covered Services from an Out-of-Plan Provider in an emergency or with Prior Approval from HNE. Present your HNE ID Card. Most Out-of-Plan Providers will bill HNE directly. If possible, ask the Out-of-Plan Provider to send a standard medical claim form to HNE.

Within 45 days of when we get the claim, HNE will:

- Pay the Out-of-Plan Provider, ***or***
- If we do not pay the claim, tell the Out-of-Plan Provider the reason for non-payment, ***or***
- Ask the provider in writing for any additional information we need to pay the claim.

If HNE doesn't do one of these within 45 days, we will pay interest to the provider. This interest is in addition to any reimbursement for health care services provided. Interest will accrue beginning 45 days after HNE received the request for reimbursement. Interest applied will be at the rate of 1.5% per month, not to exceed 18% per year. Interest payments will not apply to a claim that HNE is investigating because of suspected fraud.

If the Out-of-Plan Provider will not bill HNE, you must make a claim to HNE. Send HNE a bill or claim which lists each service, the amount charged, the date and the diagnosis. In some cases, you may have to pay the Out-of-Plan Provider's bill before HNE can pay it. If you have paid for Covered Services from an Out-of-Plan Provider and want to be reimbursed, you must submit a claim to HNE. To submit a claim you must use a "Member Reimbursement Medical Claim Form." Instructions for submitting a claim are on the Claim Form. To get a Claim Form, visit healthnewengland.org or call Member Services. Claims for member reimbursement for services from Out-of-Plan providers must be received by HNE within one year from the date of the services. You must pay any Copays that apply. HNE will pay you for the cost of Covered Services, less any applicable Deductible and Copays or Coinsurance.

HNE may require you to supply documents that show the services you received were Medically Necessary and/or Covered Services under your plan. If HNE determines that the services you received were not Covered Services or were not Medically Necessary, we may deny coverage. If HNE denies coverage, you will be responsible for the cost of the services.

Please note: With this HMO plan, you are covered for services from Out-of-Plan Providers only in an emergency or when you have Prior Approval from HNE for the services.

If you receive Emergency services in a foreign country, you must have your bill translated into English. The amount you are billed must also be converted to U.S. dollar values. These dollar values must be the dollar value on the date you received the services.

SECTION 2 – HOW TO OBTAIN BENEFITS

WHAT'S IN THIS SECTION?

In this section, we describe how to get Covered Services. We also may refer to Covered Services as "benefits" or "covered benefits."

The first thing you must do is choose a Primary Care Provider or "PCP." You can change your PCP at any time. If you need care, call your PCP first. In an Emergency, you may go straight to the emergency room.

Most of the time, your PCP will provide your care, or arrange for services with In-Plan Providers. For mental health and substance abuse services, you can call the In-Plan Provider you choose. You do not need to call HNE or your PCP first. HNE must approve coverage for services from Out-of-Plan Providers before you get the services.

Always show your HNE ID Card when receiving services.

In an Emergency, you may go straight to the emergency room. If there is time, call your doctor first.

If you do not follow the rules described in this EOC, you may not be covered for some or all of the care you receive.

Choosing Your Primary Care Provider

We ask you to choose a PCP as soon as you join HNE. Your PCP is the first person you should call when you need medical care. A PCP may be:

- An In-Plan doctor
- A participating nurse practitioner of internal medicine, family practice, or pediatrics.
- A participating Physician Assistant (PA)

You may choose a different PCP for each member of your family. HNE's Provider Directory lists PCPs, their locations, and phone numbers. You can get a copy of our Provider Directory by calling HNE Member Services, or you can view it at healthnewengland.org.

If you choose a PCP that you have not seen before, we suggest that you:

- Call your PCP's office as soon as possible. Tell the staff you are a new HNE Member.
- Make an appointment to see your new PCP. That way, he or she can get to know you and begin taking care of your medical needs. You do not have to wait until you are sick to make this appointment. You should get to know your doctor as soon as possible.
- Ask your previous doctor(s) to send your medical records to your new PCP.

You must choose a PCP so that HNE can process your claims for benefits correctly. See "If your Primary Care Provider Disenrolls" in Section 13 of this EOC for details on what will happen if your PCP disenrolls from HNE. Please note that HNE will not cover services that you receive from an In-Plan PCP who is not listed by HNE as your PCP or your PCP's covering provider.

You may change your PCP by calling HNE Member Services. PCP changes take effect on the next business day after your request. You may change to any In-Plan PCP, except those who have notified HNE that they are not taking new patients.

Your PCP may request that you transfer to another In-Plan Provider. HNE does not allow transfers based on the amount of medical care a Member needs or the Member's physical condition. Your PCP must ask HNE to approve a transfer to a new PCP. Your PCP must send you a letter asking you to choose a new PCP.

Your HNE ID Card

You must present your HNE ID Card to get services. It provides information such as:

- HNE's mailing address and telephone number
- Subscriber name
- Group number
- Type of plan and some Copay amounts
- ID number
- Name and Member number of each person covered

Having an ID Card does not guarantee coverage for services. To receive coverage for services, you must be an HNE Member at the time of the service. If you let others use your ID Card to get Covered Services to which they are not entitled, HNE may end your coverage. You should report the loss or theft of your ID Card to HNE as soon as possible. Only use the most recent card HNE provided to you.

How to Get Medical Care from an In-Plan Provider

To get care from an In-Plan Provider, call your PCP. It is your PCP's responsibility to provide or arrange for most of your medical care. The services you receive must be Medically Necessary and provided by In-Plan Providers except in an Emergency.

Certain services and procedures also require Prior Approval by HNE. Please see Section 5 of this EOC for a list of these procedures.

What if I need Non-Emergency care after normal business hours?

Because medical problems may occur at any time, we ask our PCPs to be on call 24 hours a day, seven days a week. Talk to your PCP to find out about arrangements for care after normal business hours. At times, you may reach your PCP's answering service. You may also reach the doctor who is on call for your PCP. If you reach an answering service:

1. Say that you are an HNE Member.
2. Give your name and phone number.
3. Describe your symptoms.
4. Ask for your doctor or the on-call doctor to call you back.

How do I get specialty care?

For In-Plan specialty services, you do not need a referral. Just make your appointment. When you go to your appointment, show your HNE ID Card, and pay your usual Copay. Your PCP is the best person to coordinate your care. He or she will discuss treatment options and help decide where you can get the services you need. The end of this section also describes how to get mental health or substance abuse services.

It is your responsibility to make sure that any doctor you see is an HNE In-Plan Doctor. This is true even if the doctor you see is recommended by an In-Plan Doctor. If you are not sure, check the Plan Provider Directory, visit healthnewengland.org, or call HNE.

Services at an HNE In-Plan Location

Medically Necessary services are covered at locations that are in HNE's In-Plan network of providers. Services by Out-of-Plan Providers at these locations will be covered at the In-Plan level of benefits if you did not have a reasonable opportunity to choose to have the services performed by an In-Plan Provider.

How to Get Medical Care from an Out-of-Plan Provider

HNE normally does not cover care you receive from an Out-of-Plan Provider. In general, HNE In-Plan Providers can provide most health care services. However, in some cases, there may be no HNE In-Plan Provider available to treat you. If this is the case, your treating In-Plan Provider can request HNE's approval to refer you to an Out-of-Plan Provider.

In order to see an Out-of-Plan Provider, you must first have the approval of HNE. Before HNE will consider a request for you to see an Out-of-Plan Provider, you must first have your PCP refer you to an In-Plan Specialist. If HNE determines that there is no appropriate In-Plan Specialist to treat you, HNE may approve treatment from an Out-of-Plan Provider. HNE will work with your PCP or treating In-Plan Provider to identify an appropriate Out-of-Plan Provider to treat you.

To start this process, your PCP or treating In-Plan Provider must submit a Prior Approval Request Form to HNE. The form should explain why services are not available from an In-Plan Provider. HNE will notify you and your doctor in writing of our decision to approve or not approve the services. If you have not received a response from HNE, call us. You should not make an appointment with the Out-of-Plan Provider before you receive HNE's response. For more details on the Prior Approval process, see Section 5 of this EOC.

Please note: HNE does not verify the credentials of Out-of-Plan Providers. Only In-Plan Providers go through HNE's credentialing process.

Out-of-Area Student Coverage

Dependents attending and residing at school outside of the HNE Service Area are covered for:

- Non-routine medical office visits **for urgent care**
  - Includes diagnostic lab and x-ray
- Follow-up visit after an:
  - ER visit
  - Urgent care visit
- Allergy injections
- Outpatient behavioral health visits
- Outpatient short-term rehabilitation services

All services listed above require Prior Approval by HNE. Note: Emergency services do not require Prior Approval.

How to Get Medical Care in an Emergency

HNE uses the definition of "Emergency" provided by Massachusetts law. This is the definition:

> An emergency is a medical condition, whether physical, behavioral, related to substance use disorder, or mental, manifesting itself by symptoms of sufficient severity, including severe pain, that the absence of prompt medical attention could reasonably be expected by a prudent layperson who possesses an average knowledge of health and medicine, to result in placing the health of the insured or another person in serious jeopardy, serious impairment to body function, or serious dysfunction of any body organ or part, or, with respect to a pregnant woman, as further defined in section 1867(e)(1)(B) of the Social Security Act, 42 U.S.C. section 1395dd(e)(1)(B).

All Members may obtain health care services for an Emergency Medical Condition. If you believe that you need emergency care, you should seek care at once. This includes calling 911 or the local emergency number. No Member will in any way be discouraged from using 911 or any similar pre-hospital emergency medical service system, or the local equivalent.

No Member will be denied coverage for medical and transportation expenses incurred because of any Emergency Medical Condition which meets the above conditions.

What should I do in an Emergency?

You always have coverage for care in an Emergency. If your situation allows, call your PCP first. Say that you are an HNE Member and clearly state your symptoms. Your PCP may ask you to go to an emergency room or ask you to visit a doctor's office. Your PCP or a covering doctor is on call 24 hours a day, seven days a week.

If you do not have time to call your PCP, follow these rules:

When an Emergency Occurs:

- Seek medical care at once. Go to the nearest emergency room or dial "911." (If two hospitals are equally close, use an In-Plan Hospital listed in the Plan Provider Directory.)
- Contact your PCP to notify him or her of your visit and arrange for any follow-up care.

If you are admitted to a hospital as an inpatient directly from the ER, you will not have to pay the ER Copay. You will, however, have to pay the amount required by your Plan for the hospital admission. This amount is listed in "Appendix A, Your Payment Responsibilities." Please note: we will not cover non-emergency care you receive in an ER.

What if I am out of the HNE Service Area when an Emergency occurs?

If you are out of the HNE Service Area when an Emergency occurs, the guidelines listed above still apply. Call HNE Member Services to notify us of any Emergency services that are not received in a hospital emergency room. Examples are services at a walk-in clinic or doctor's office. You should also be aware that HNE will not cover Routine care, elective surgery, or care that you could have foreseen before leaving the HNE Service Area. In addition, your PCP must coordinate your follow-up care. HNE will not cover care (including follow-up care) you receive outside the HNE Service area once you are medically able to return to the HNE Service Area.

What should I do if I am in an auto accident?

If you are in an auto accident, you should follow the rules in this EOC, including the rules for obtaining care in an Emergency. Remember that all follow-up care must be received from an In-Plan Provider. If you are not sure if a Provider that you are being referred to is an In-Plan Provider, please check your Provider Directory, visit healthnewengland.org, or call HNE Member Services.

How to Get Mental Health or Substance Abuse Services

Outpatient Services

To get outpatient treatment for mental health or substance abuse services:

- Call the In-Plan Provider of your choice directly. Your doctor, family member, or your In-Plan Provider may also call for you.
- You do not have to contact HNE before receiving services.
- You do not need Prior Approval for medication management services with an In-Plan psychiatrist or clinical nurse specialist.

To look up In-Plan behavioral health providers, please check your Provider Directory, visit healthnewengland.org, or call HNE Member Services at (413) 787-4004 or (800) 310-2835 (TTY: 711). If you need help choosing a provider, you may call HNE's Health Services Department at (413) 787-4000, ext. 5028 or (800) 842-4464 ext. 5028 (TTY: 711). Our staff can help you choose a provider based on the nature of your concerns, your location, and appointment availability.

Inpatient Services

Inpatient admissions do not require Prior Approval from HNE. The admitting facility must contact the HNE Health Services Department within one business day to obtain approval for continued stay. For information please call HNE's Health Services Department at (413) 787-4000, ext. 5028 or (800) 842-4464 ext. 5028 (TTY: 711).

Emergency Care

If you need mental health or substance abuse emergency care, follow the steps listed under the heading "How to Obtain Care in an Emergency" in this section of the EOC.

For detailed information on benefits for mental health and substance abuse services, please see Section 3 of this EOC.

Cost Estimator for Services and Out-of-Pocket Costs

HNE can help you get information on estimated costs for health care services. You can also get an estimate of what you will pay for those services. Available information includes:

- The estimated or maximum allowed amount or charge for a proposed admission, procedure or service.
- The estimated amount you will be responsible to pay for a proposed admission, procedure, or service. This includes any Deductible, Copay, Coinsurance, facility fee or other amount you pay. This will be based on the information HNE has at the time the request is made. The service must be a Medically Necessary covered benefit.

If the health care services are then provided, you will not be required to pay more than the estimated amount for Member responsibility. However, if unforeseen services arise out of the proposed admission, procedure or service, you may have additional cost sharing as required by your HNE plan.

To get cost estimates for health care services you can:

- Call Member Services toll free at (800) 310-2835. (TTY: 711)
- Email us at memberservices@hne.com
- Go to healthnewengland.org and log in to our member portal, MyHNE.

SECTION 3 – COVERED BENEFITS

WHAT'S IN THIS SECTION?

In this section, we provide details about what is covered. Think of it as the who, what, when, where, and why section. We describe what is covered. We describe where services are provided. We also describe any coverage limits or guidelines.

- To be covered, care must be:
  1. Listed as covered by HNE
  2. Medically Necessary
  3. Appropriate
  4. Provided by an In-Plan Provider
  5. Provided by an Out-of-Plan Provider with HNE's approval or in an Emergency
- Some care is not covered.

Each benefit is listed in bold, Benefit details follow each heading.

HNE covers the services in this section only if they are Medically Necessary and appropriate. Your PCP will provide or arrange most of your health care, following HNE policies and rules. HNE must provide Prior Approval for treatment by an Out-of-Plan Provider. The Emergency situations described in this EOC are the only exceptions.

All covered care is subject to the conditions in this EOC. This section describes HNE's coverage limitations and exclusions. HNE does not pay for medical care unless it is a Covered Service as described in this EOC. HNE also does not cover medical care unless provided as required by this EOC.

Inpatient Care

Hospital Care

HNE covers hospital care. There is no limit on the number of days covered.

Acute Inpatient Rehabilitation

HNE covers this service in a licensed rehab facility. HNE covers up to 60 days per Calendar Year. HNE covers this service only when you need daily inpatient rehab care. HNE will review your care during your stay. (Concurrent Review is described in Section 5 of this EOC.)

Skilled Nursing Facility

HNE covers this service in a licensed skilled nursing facility. HNE covers up to 100 days per Calendar Year. HNE covers this service only when you need daily inpatient skilled nursing care. HNE will review your care during your stay. (Concurrent Review is described in Section 5 of this EOC.)

What is Covered

Admission to a hospital, skilled care, or rehab facility includes, but is not limited to:

- Semi-private room and board
- Private room (when Medically Necessary and ordered by a doctor)
- Physician and surgeon services
- General nursing services
- Lab and pathology services

- Intensive care
- Coronary care
- Dialysis services
- Short-term rehab services

What is Not Covered

- Personal or comfort items, including telephone and television charges
- Rest or Custodial Care or long-term care
- Blood or blood products, this includes the cost of donating blood for use during surgery or medical procedures. Blood products do not include Antihemophilic Factor (Recombinant), e.g., factors VII and VIII.
- Charges after the date your membership ends
- Unskilled nursing home care

Preventive Care

HNE covers preventive care according to you and your family's medical needs. Your PCP generally provides these services.

Routine Exams

HNE covers Routine health exams for adults and children over age 6.

Well Child Care

From birth to age 6, HNE covers "well child care." HNE covers exams including:

- Physical exams
- History
- Measurements
- Sensory screening
- Neuropsychiatric evaluation
- Developmental screening and assessment

HNE covers exams:

- Six times during the child's first year of life
- Three times during the next year
- Once per year until age 6

For newborns, HNE covers:

- Screening for inherited diseases
- Metabolic screening
- Newborn hearing tests

HNE also covers these tests recommended by your doctor:

- TB
- Hematocrit
- Hemoglobin
- Lead screening under state law
- Other appropriate blood tests and urine tests

Routine Prenatal & Postpartum Care

HNE covers Routine prenatal and postpartum care. For more information see "Maternity Care" later in this section.

Routine Child and Adult Immunizations

HNE covers immunizations based on guidelines published by the Massachusetts Health Quality Partners (MHQP) or other state of federal guidelines. Information about MHQP's guidelines is at mhqp.org, under the tab for guidelines. HNE provides Subscribers with the updated guidelines we use on an annual basis.

What is Covered

- MHQP immunizations
- Zostavax® vaccine for the prevention of shingles (herpes zoster) for members 60 years of age and older
- Some Non-Routine immunizations, such as for:
  - Exposure to rabies
  - Exposure to hepatitis
- Many travel immunizations

Routine Eye Exams

HNE covers one Routine eye exam each Calendar Year. **Important note**: Routine vision exams for children under age 19 will be covered with $0 copay only if you use an EyeMed In-Network provider. Routine vision exams by Health New England providers who are not EyeMed providers will not be covered for children under age 19. See Appendix D of this EOC for vision care benefits for children under age 19.

Annual GYN Exams

HNE covers one Routine GYN exam per Calendar Year. We cover a Pap smear (cytology) and pelvic exam. HNE covers follow-up care for GYN services.

Breast Cancer Screening

HNE covers mammographic exams, or mammograms, as follows:

- One baseline mammogram for women 35 – 40
- Once per year for women 40 and older
- At other times when Medically Necessary

(NOTE: If your Plan has a Deductible, HNE will waive the Deductible for mammograms by an In-Plan Provider one time each Calendar Year).

Cervical Cancer Screening

HNE covers one Routine GYN exam per Calendar Year. Coverage includes a Pap smear (cytological screening) and pelvic exam.

Colorectal Cancer Screening

HNE covers fecal occult blood tests for colorectal cancer screening.

Screening Colonoscopy or Sigmoidoscopy

HNE covers one screening colonoscopy *or* sigmoidoscopy every five Calendar Years. This preventive services benefit is for only one procedure or the other (not one of each) every five Calendar Years. You will not have any Member Cost Sharing for the consultation prior to the screening, related *generic* preparation prescriptions or pathology services. For brand name prescriptions you will be responsible for any Member Cost Sharing your plan may have.

Prostate Cancer Screening

HNE covers PSA tests for prostate cancer screening.

Heart and Vascular Diseases Screening

HNE covers heart and vascular diseases screenings for lipid disorders.

Infectious Diseases Screening

HNE covers infectious diseases screening for chlamydial infection and Human Immunodefficiency Virus (HIV) infection.

Lung Cancer Screening

HNE covers screening for lung cancer with low-dose computed tomography. The screening is covered only for adults ages 55 to 80. Members must be in a high risk category for developing lung cancer. The screening must be approved by the vendor HNE uses to review high cost imaging services. These services can best be provided at a facility with a lung cancer program. HNE has determined which facilities have such a program. When the screening is done at one of these facilities, the Member will not have any Member Cost Sharing. If the screening is done at any other facility, the services will be covered subject to any Deductible and Copay your plan may have. You can contact Member Services to find out what facilities HNE has specified for these services.

Musculoskeletal Disorders Screening

HNE covers screening for osteoporosis.

Obstetric and Gynecological Conditions Screening

HNE covers screening for obstetric and gynecological conditions. This includes:

- Screening for neural tube defects
- RH incompatibility
- Rubella
- Ultrasonography during pregnancy

Women's Preventive Health Services

HNE provides coverage for the preventive health services listed below. For services provided by an In-Plan provider, the services are covered in full. There is no Member Cost Sharing for these services when provided In-Plan.

- Well-woman visits
- Screening for gestational diabetes
- Human papillomavirus (HPV) testing
- Counseling for sexually transmitted infections
- Counseling and screening for human immunodeficiency virus (HIV)
- Contraceptive methods and counseling. Coverage for contraceptive methods with no Member Cost Sharing is limited to:
    - Certain contraceptive methods
    - Certain generic prescription drugs
    - Certain devices
- Breast feeding support, supplies, and counseling
- Screening and counseling for interpersonal and domestic violence

Pediatric Conditions Screening

HNE covers lead screening in accordance with Massachusetts law. HNE covers screening for phenylketonuria.

Nutritional Counseling

HNE covers up to a maximum of four outpatient visits per Calendar Year for nutritional counseling.

Behavioral Health Counseling to Promote a Healthy Diet and Physical Activity

HNE covers this counseling for the prevention of cardiovascular disease in adults who have known risk factors.

What is Not Covered

- Services required by a court or third party. For example, HNE excludes exams for:
  - A job or potential job
  - School
  - Sports
  - Summer camp
- Premarital exams

Treatment of medical complications that are the result of preventive services or procedures is covered subject to Member Cost Sharing. This is the case even if the preventive service or procedure was not subject to Member Cost Sharing. All services must be Medically Necessary.

Outpatient Care

HNE covers the outpatient services and supplies listed below.

PCP Office Visits (Non-Routine)

HNE covers Non-Routine office visits with your PCP.

Specialist Office Visits

HNE covers care you receive from specialists. See Section 5 of this EOC for a list of services that require Prior Approval.

Obstetric/Gynecology

All female Members may receive the services listed below from an In-Plan obstetrician, gynecologist, certified nurse midwife, or family practitioner:

- Annual preventive GYN health exams, this includes Covered Services which your provider determines to be Medically Necessary
- Maternity care
- Evaluations and health care services for GYN conditions

You may schedule these visits yourself. (See also *Preventive Care* and *Maternity Care*.)

Foot Care

Unless you are a diabetic, HNE does not cover podiatry care for “Routine” foot care. This includes care of corns, calluses, and trimming of nails. HNE covers Non-Routine podiatry services available from a Plan podiatrist. This includes treatment of podiatric diseases and conditions.

Second Opinions

HNE covers second opinions from an In-Plan Provider.

Telehealth Services

HNE covers phone or online video consultations through Teladoc®. You can speak with a Teladoc physician about non-emergency medical issues. Examples are cold and flu, urinary tract infections, or ear infections. Teladoc physicians are U.S. board-certified in internal medicine, family practice, emergency medicine or pediatrics.

This service is available 24 hours a day, 7 days a week. Member cost is the same as you would pay for a visit to your Primary Care Provider (PCP). Teladoc is not intended to replace your PCP. Teladoc may follow up with you PCP after your consultation. To request a Teladoc consultation, call (800) Teladoc ((800) 835-2362) or visit Teladoc.com. You will need to set up an account with Teladoc before your first consultation. To set up an account

visit Teladoc.com and click “Set Up Account.” You do not need to wait until you want a consultation before setting up an account.

Please Note: Telehealth services are only covered through Teladoc.

Hearing Tests

HNE covers hearing tests.

Diabetic Related Items

HNE covers the items and services below to diagnose or treat diabetes. These items are covered when ordered by an In-Plan Provider. This applies whether the diabetes is:

- Gestational
- Insulin-dependent
- Insulin-using
- Non-insulin-dependent

Outpatient Services

HNE covers outpatient diabetes training and education. This includes medical nutritional therapy and nutritional counseling.

Lab/Radiological services

HNE covers lab tests including glycosylated hemoglobin, HbAlc tests, urinary protein/microalbumin, and lipid profiles.

Durable Medical Equipment (DME)

HNE covers the following DME for diabetics:

- Blood glucose monitors.
- Continuous glucose monitoring devices (Prior Approval is required)
- Voice synthesizers for blood glucose monitors for use by the legally blind. (You must receive Prior Approval)
- Visual magnifying aids for use by the legally blind.
- Insulin pumps. (You must receive Prior Approval for insulin pumps)
- Therapeutic/molded shoes and shoe inserts. Coverage for footwear and inserts is limited to one of the following per Calendar Year:
  - One pair of custom molded shoes (including inserts provided with those shoes) and two additional pairs of inserts; or
  - One pair of depth shoes and three pairs of inserts (not including the non-customized removable inserts provided with those shoes.)

  To be covered:

    - The treating doctor must certify the need for these shoes and inserts.
    - They must be prescribed by a podiatrist or other qualified doctor.
    - You must get them from a podiatrist, orthotist, prosthetist, or pedorthist.

Diabetic Supplies

HNE covers the following items:

- Blood glucose monitoring strips
- Urine glucose strips
- Ketone strips
- Lancets

- Insulin
- Insulin pens
- Needles and syringes
- Prescribed oral diabetes drugs that influence blood sugar levels (covered only if your plan has prescription drug coverage)

Group Diabetic Education Series

HNE covers Group Diabetic Education services. This is a specific program for people newly diagnosed with diabetes or who have uncontrolled diabetes. A Registered Nurse certified in diabetes education and a Registered Dietician teach these classes. Those in the class learn about:

- Self-management techniques
- Medical testing
- Prescription medication and insulin

Emergency Room Care

See Section 2 of this EOC for information about how to obtain Emergency Care. If you need follow-up care after being treated in an emergency room, you must call your Primary Care Provider. You PCP will provide or arrange for the care you need. All follow-up care must be provided by In-Plan Providers.

What is Not Covered

- Follow-up care that is not provided by In-Plan Providers
- Visits to an ER that are not for emergency care
- Medical care outside of the HNE Service Area that you could have foreseen was needed when you were in the HNE Service Area
- Care from an Out-of-Plan Provider once you are medically able to return to the HNE Service Area

Observation Room

If you are in a hospital in observation status:

- HNE will pay for the observation room charges.
- Member Cost Sharing applies for services provided while you are in observation.
- You must pay the ER Copay or Coinsurance.

Diagnostic Testing

HNE covers some services to diagnose illness, injury, or pregnancy. Some service, such as sigmoidoscopies, endoscopies, colonoscopies, arthroscopies, needle aspirations, and biopsies, are covered under the outpatient surgical services and procedures benefit.

Sleep Studies

(Requires Prior Approval)

There is a limit on the number of sleep studies HNE covers. The limit is two sleep studies per Calendar Year. HNE covers home sleep studies. You must also have Prior Approval for Positive Airway Pressure devices and supplies that may be prescribed as a result of a sleep study. These devices include, for example:

- CPAP (Continuous Positive Airway Pressure device
- BiPAP (Bi-level Positive Airway Pressure device)
- Pressure Support Ventilator

Genetic Testing

(Requires Prior Approval)

HNE covers genetic testing that is not experimental or investigational. Examples of genetic testing are:

- Testing for the breast cancer gene (BRCA)

- The Colaris test for hereditary colorectal, ovarian, and endometrial cancer

Lab Services

HNE covers lab services when they are done in your In-Plan Doctor's office or other In-Plan lab.

What is Not Covered

- Diagnostic tests analyzed in functional medicine labs such as Genova Diagnostics

Radiological Services

HNE covers X-rays, ultrasound, and mammography.

Diagnostic Imaging

(Requires Prior Approval)

Some services must be approved in advance. These services are:

- Computerized Tomography (CT) scans
- Positron Emission Tomography (PET) scans
- Magnetic Resonance Imaging (MRI)
- Magnetic Resonance Angiograms (MRA)
- Nuclear Cardiac Imaging done in all outpatient settings, including outpatient facilities and doctors' offices

You do not need Prior Approval for diagnostic imaging services provided in the emergency room or during an inpatient admission.

Radiation Therapy and Chemotherapy

HNE covers radiation therapy and chemotherapy.

Outpatient Short Term Rehabilitation Services

These services include physical and occupational therapy (PT and OT). HNE only covers short-term therapy for rehab. There is a limit during each Calendar Year. The limit is two months or 25 visits (whichever is greater). The limit applies to each condition and each treatment type. The coverage for PT and OT as part of a home health plan is unlimited. Your medical condition must improve during your course of therapy for coverage to continue.

HNE covers Day Rehab Services. HNE covers half day and full day sessions. HNE covers up to 15 days of Day Rehab Services per lifetime per condition. Half days and full days are counted as "one day" towards this benefit.

HNE covers treatment for acute episodes of an illness related to your chronic condition. Your medical condition must improve during your therapy for coverage to continue.

What is Not Covered

- Rehab treatment for non-acute chronic conditions
- Maintenance treatments designed:
  - To retain health or bodily function
  - To continue or monitor your current state or condition
- Massage therapy, including myotherapy
- Vocational rehab, or vocational evaluations focused on job adaptability, job placement, or therapy to restore function for a specific occupation
- Educational services or testing, except services covered under the benefit for Early Intervention services
- Occupational and Physical therapy services for children with developmental delays or disabilities that fall under MGL 71B (referred to as Chapter 766) are not covered. Member must seek benefits available under Massachusetts state law and seek a Chapter 766 evaluation. See Section 4 of this EOC.

Early Intervention Services

HNE covers Early Intervention (EI) services. These services must be delivered by certified EI specialists. These specialists work in EI programs and are certified by the Department of Public Health. Coverage is for Members from birth until age 3. There is no visit limit for EI services.

Autism Spectrum Disorders

HNE covers medically necessary services for the diagnosis and treatment of Autism Spectrum Disorder (ASD) as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Health Disorders. This includes autistic disorder, Asperger's disorder, and pervasive developmental disorders not otherwise specified.

HNE covers medically necessary services to diagnose ASD. This includes:

- Neuropsychological evaluations (Prior Approval is required)
- Genetic testing (Prior Approval is required)
- Other tests to diagnose ASD (some services require Prior Approval)

HNE covers Medically Necessary services for the treatment of ASD. This includes:

- Habilitative or Rehabilitative care: professional, counseling and guidance services and treatment programs, including, but not limited to, Applied Behavior Analysis (ABA) supervised by a board certified behavior analyst, that are necessary to develop, maintain and restore, to the maximum extent practicable, the functioning of an individual. Applied Behavior Analysis includes the design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including in the use of direct observation, measurement and functional analysis of the relationship between environment and behavior. (Prior Approval required)
- Pharmacy care. Please see the Pharmacy Rider of your EOC for details about your prescription coverage.
- Psychiatric care (direct or consultative services provided by a psychiatrist licensed in the state in which the psychiatrist practices).
- Psychological care (direct or consultative services provided by a psychologist licensed in the state in which the psychologist practices).
- Therapeutic care. Services provided by licensed or certified speech therapists, occupational therapists, physical therapists, or social workers.

There is no annual or lifetime dollar or unit of service limit on the coverage for services to diagnose and treat ASD. All services are subject to applicable Copays, Coinsurance, and Deductibles.

What is Not Covered

- Services related to ASD provided by school personnel under an individualized education program

Outpatient Surgical Services and Procedures

(Some procedures require Prior Approval)

HNE covers the following outpatient surgical services. These are part of the Outpatient Surgical Services and Procedures benefit:

- Outpatient or ambulatory surgery and related services
- Certain procedures, such as sigmoidoscopies, colonoscopies, arthroscopies, needle aspirations, and biopsies

Some surgical services and procedures can be done in an outpatient facility or in a physician's office. The Copay you pay is based on the type of service you receive. It is not based on where the service was done.

Some Outpatient Surgical Services and Procedures are simpler than others. The simple procedures are minimally invasive. They are minor in terms of time, preparation, or expertise needed to do them. Others are more complex. They may require the skills of a specialist.

In general, you do not have to pay a Copay for Outpatient Surgical Services and Procedures that are:

- Simple, minor, or involve a small, localized area of the body
- Closed treatments
- Done while the surface or local area is anesthetized (instead of complete anesthesia)
- Biopsies which are not extensive or invasive
- Injections
- Done using imaging guidance
- Screening colonoscopies and sigmoidoscopies (preventive, one every five Calendar Years)

If these services are done in an In-Plan physician's office, you will have to pay a Copay for the office visit. You do not have to pay an Outpatient Surgical Service and Procedures Copay.

These services require you to pay an Outpatient Surgical Services and Procedures Copay:

- Services that are complicated, clinically complex, deep, or involve an extensive area of the body
- Services that are complicated or involved and/or may require the skills of a clinical specialist
- Services that involve open treatment
- Services that require general anesthesia (more than just the area of surgery)
- Biopsies that are extensive or invasive
- Non-preventive scope procedures (such as endoscopies and colonoscopies)
- Some IVF procedures

HNE Member Services can tell you the Copay that applies to a specific procedure. Please contact HNE Member Services at the number below.

Certain outpatient surgical services require Prior Approval by HNE. We list these in Section 5 of this EOC. HNE will only approve these services if they meet HNE's clinical review criteria.

Allergy Testing and Treatment

HNE covers testing, antigens, and allergy treatments.

Hormone Replacement Therapy

HNE covers hormone replacement therapy (HRT) services for peri- and postmenopausal women. HRT drugs are covered only if your plan includes a prescription drug benefit.

Clinical Trials

(Requires Prior Approval)

HNE covers patient care items and services provided in a clinical trial for cancer or another life threatening disease, as long as:

- The trial you are in is a "Qualified Clinical Trial" as defined under Massachusetts law or federal law
- The service or item:
  - is consistent with the usual and customary standard of care
  - is consistent with the study protocol for the clinical trial
  - would be covered if the Member did not participate in the clinical trial

What is not Covered

- An investigational drug or device paid for by its manufacturer, distributor, or provider
- Non-health care services that you may need when enrolled in the clinical trial
- Costs associated with the research associated with the clinical trial
- Costs that would not be covered for non-investigational treatments
- Any item, service or cost that is reimbursed or furnished by the sponsor of the clinical trial

- The costs of services which are inconsistent with widely accepted and established national or regional standards of care
- The costs of services which are provided primarily to meet the needs of the trial. This includes but is not limited to, tests, measurements, and other services which are typically covered but which are being provided at a greater frequency, intensity, or duration.
- Services or costs that HNE does not cover

Family Planning Services and Infertility Treatment

Family Planning Services

HNE covers family planning services. This includes pregnancy testing and genetic counseling.

What is Covered

- Outpatient contraceptive services. This includes consultations, exams, and medical services that are provided on an outpatient basis. HNE covers services related to the use of all contraceptive methods approved by the Food and Drug Administration (FDA) to prevent pregnancy.
- Birth control drugs, devices, implants, procedures, and injections approved by the FDA. There are some contraceptives which require you to have coverage for prescription drugs with HNE.
- Counseling and diagnostic services for genetic problems and birth defects
- Family planning information and consultation
- Pregnancy testing
- Sterilizations
- Voluntary termination of pregnancy when allowed by Massachusetts law

What is Not Covered

- Reversal of voluntary sterilization

You may have Member Cost Sharing for the treatment of medical complications that are the result of preventive services or procedures. This is the case even if you did not have Member Cost Sharing for the preventive service or procedure. For example, the insertion and removal of a birth control device is covered as a preventive service with no Member Cost Sharing. Treatment of medical complications that are a result of the insertion or removal of the device are subject to Member Cost Sharing. All services must be Medically Necessary.

Infertility Treatment

(Requires Prior Approval)

HNE covers all infertility procedures that are not experimental. This includes, but is not limited to:

- Artificial Insemination / Intra-Uterine Insemination (AI/IUI)
- In Vitro Fertilization and Embryo Transfers (IVF-ET)
- Gamete Intrafallopian Transfer (GIFT)
- Sperm, egg and/or inseminated egg procurement and processing, and banking of sperm or inseminated eggs, to the extent the donor’s insurer does not cover them
- Intracytoplasmic Sperm Injection (ICSI) for the treatment of male factor Infertility
- Zygote Intrafallopian Transfer (ZIFT)
- Assisted Hatching
- Cryopreservation of eggs during an active IVF cycle or as Medically Necessary (in the case of impending or possible loss or damage of reproductive tissue because of medical treatments (chemo or radiation))
- Preimplantation Genetic Diagnosis (PGD)

There are limits to the benefits and there are some exclusions. HNE must approve some services in advance. HNE covers infertility services for Massachusetts and Connecticut residents only. This is defined in the terms of HNE’s Infertility Protocol. You can ask HNE Member Services to send you a copy of the Protocol.

What is Not Covered

- Sperm or egg banking that is not connected with approved infertility treatment and is not Medically Necessary because of impending or possible loss or damage of reproductive tissue related to medical treatments or conditions that may diminish fertility.
- Any costs associated with any form of surrogacy, including gestational carriers.

Maternity Care

Only an In-Plan Provider can provide prenatal care. Also, an In-Plan provider must arrange all inpatient care.

Important Notice of Rights

Massachusetts law gives you the right to stay in the hospital for at least 48 hours after giving birth. If you have a cesarean section, you may stay at least 96 hours. If you have any questions about your rights under this law, talk to your doctor or nurse, or call the Office of Patient Protection at (800) 436-7757.

The state law (M.G.L.c.175 §47F) gives you the right to stay in the hospital with your baby for at least 48 hours after giving birth. If you have a cesarean section you have the right to stay in the hospital with your baby for at least 96 hours after giving birth. If this time period ends between 8:00 PM and 8:00 AM, you have the right to stay in the hospital until after 8:00 AM, unless you want to leave earlier. If you would like to go home from the hospital early (before 48 hours after giving birth or 96 hours after a cesarean section), you may do so. HNE covers one home visit to check you and your new baby. This home visit must occur within 48 hours after you go home. HNE may cover more than one home visit if it is Medically Necessary. Any decision to go home early is made by the attending provider in consultation with the mother. The term attending provider includes the obstetrician, pediatrician, or certified nurse midwife attending the mother and newly born child.

If you have any questions about your rights under this law, talk to your doctor or nurse, or call the Office of Patient Protection at (800) 436-7757. If you feel your rights have been denied under this law, you may file an appeal within the Office of Patient Protection at (800) 436-7757. TDD/TTY (800) 439-2370. Filing an appeal will prevent you from being discharged while the appeal is being considered.

What is Covered

- Prenatal and postpartum care. This includes consultation for breast feeding and parent education.
- Diagnostic tests
- Child delivery
- Routine nursery charges. These include services commonly given to healthy newborns. To have HNE cover your child after birth, you must enroll your child as a Member within 30 days of birth.
- Newborn hearing screening
- One home visit. More than one home visit if Medically Necessary. (A registered nurse, physician, or certified nurse midwife provides the first home visit. A licensed health care provider covers additional visits.)

What is Not Covered

- Routine maternity (prenatal and postpartum) care when you are traveling outside of the HNE Service Area
- Delivery out of the HNE Service Area after the 37th week of pregnancy. HNE also will not cover delivery out of the service area if you have been told that you are at risk for early delivery.
- Home deliveries

Emergency Dental Services and Non-Dental Oral Surgery

HNE covers only the limited dental services listed below.

Surgical Treatment of Non-Dental Conditions of the Oral Cavity

HNE covers surgical treatment of non-dental conditions. This includes:

- Lesions
- Cysts
- Tumors of the jaw and gums
- Disease of the mouth

Emergency Dental Care

HNE covers the first Emergency dental care for traumatic injury to sound, natural teeth. You must get all services, except for suture removal within 72 hours of injury. HNE does not cover follow-up care. We also do not cover care to restore your teeth or gums. You must report Emergency dental care to HNE unless you get the care in a hospital ER.

What is Covered

- Surgery to treat non-dental conditions
- Removal of impacted teeth (If you have impacted teeth removed in an oral surgeon's office, you do not need Prior Approval. If it is done in an outpatient facility, you must have Prior Approval for the facility and anesthesia charges.)
- Emergency dental care needed due to an injury to sound natural teeth, including:
  - Having teeth removed to avoid infection of teeth damaged in an injury
  - One follow-up visit, if treatment results in extraction of teeth
  - Suturing and suture removal
  - Reimplanting and stabilization of dislodged natural teeth
  - Medication received from the provider
- Surgical treatment of temporomandibular joint syndrome (TMJ). Prior Approval is required.
- Some medical conditions can complicate dental care. They may require a person to get dental care in a hospital or surgical day care facility. If you have such a condition, for some specific kinds of dental care, HNE covers the hospital and anesthesia services you need. HNE will not cover the dental care. Examples of "medical conditions that can complicate dental care" are bleeding disorders and serious heart or lung disease. Your doctor must approve these services. HNE must approve your hospital or day surgery admission.
  - In some cases HNE covers hospital and anesthesia services for small children. The coverage is available only if:
    - It is related to dental procedures
    - It is for children aged 6 and under
    - The child has behavioral or medical conditions
    - The conditions require close monitoring in a controlled situation
  - As part of your hospital stay, you must pay the costs of services related to the dental procedure for:
    - Physician
    - Dental
    - Surgical assistant
    - Radiology

What is Not Covered

- Braces
- Dental treatment of temporomandibular joint syndrome (TMJ). Dental treatment of TMJ is defined as conservative, nonsurgical intervention. This may include, for example, therapeutic splints, oral appliances, or corrective dental treatments such as crowns, bridges, braces and prosthetic appliances.
- Dentures
- Services for dental conditions, including but not limited to tooth decay and gum disease
- Fillings, crowns, implants, caps, or bridges
- Jaw surgery in connection with orthodontics
- Periodontics and orthodontics
- Removal of wisdom teeth if teeth are not impacted
- Root canals

Other Services

Home Health Care

(Requires Prior Approval)

HNE only covers home health care services that are:

- Approved by your physician as part of a home health service plan
- Provided by a licensed home health agency
- Provided in the Member's home. The home must also be the best place to get Covered Services.

To be covered as Home Health Care, care cannot be provided in:

- A hospital
- A skilled nursing facility
- A rehab facility

Your PCP must arrange all home health care under a home health care plan. Before care begins, HNE must agree that the care is Medically Necessary. HNE will continue to review the home health care. (We describe "Concurrent Review" in Section 5 of this EOC.)

What is Covered

- Physical, occupational, and speech therapy (the visit limit for physical and occupational therapy does not apply when provided as part of the home health benefit)
- Skilled nursing services provided by licensed professionals
- Durable medical equipment (DME) and supplies (no Coinsurance applies for DME that is part of an approved home health plan)
- Medical social services
- Nutritional counseling
- Services of a home health aide

What is Not Covered

- Disposable supplies such as bandages
- Custodial Care, unskilled home health care, and homemaking, at home or in a facility setting
- Private duty or block nursing
- Personal care attendants
- Long-term care

Hospice Services

(Requires Prior Approval)

HNE covers hospice services for Members who are terminally ill. These services must be provided by a hospice provider. During the hospice care, the PCP and hospice director must certify that the Member is terminally ill and is expected to live six months or less. After six months of hospice care, HNE will ask for continued proof of this. Hospice care may be provided at home or in a hospice.

For hospice care, Covered Services include:

- Physician services
- Nursing care
- Social services
- Volunteer services
- Counseling services

HNE will only cover inpatient care when skilled nursing care is Medically Necessary.

Durable Medical Equipment, Prosthetic Equipment, and Medical and Surgical Supplies

(Some items require prior Approval)

Please call HNE Member Services with questions about whether a particular item is covered.

HNE covers certain durable medical equipment (DME), medical and surgical supplies, and prostheses. These items must be prescribed by a physician.

To be covered, DME must meet the following standards:

1. It is primarily and customarily used in the treatment of an illness or injury or for the rehabilitation of a malformed body part. (This does not apply to prostheses.)
2. It is able to withstand repeated use.
3. It is primarily intended for activities of daily living.
4. It is not intended primarily for sports-related purposes.
5. It is appropriate for home use (i.e., not hospital or physician equipment).
6. It should not serve the same purpose as equipment already available to a Member. (HNE may make an exception if the equipment contributes to the important clinical decisions and will supply the level of precision needed.)
7. It should not be more costly than a medically appropriate alternative.

HNE will only cover one item of each type of equipment that meets the Member's need. No back-up items are covered.

<u>*What is Covered*</u>

- HNE covers DME and some medical and surgical supplies. There is no annual dollar limit for these items.

- HNE may decide whether to purchase or rent the equipment. HNE may take back the equipment if your doctor decides you no longer need it, or if your membership ends. HNE covers the cost to repair and maintain covered equipment. ***Some repairs and maintenance requires Prior Approval.***

- HNE covers prosthetic limbs. There is no annual limit for the purchase of prosthetic limbs. ***Prior Approval from HNE is required for these items.***

- HNE covers certain high cost equipment in full. For a list of these items, see below or contact HNE Member Services. ***Prior Approval from HNE is required for these items.***

HNE covers items such as:

- Breast prostheses (related to mastectomy as required by law)
- Canes/crutches/walkers
- Certain diabetic equipment and supplies (see Diabetic-Related Items in this section of the EOC)
- Certain types of braces or splints
- Certain wound care supplies (requires Prior Approval)
- Compression stockings
- Hospital beds
- Infusion pumps
- Limb prostheses (artificial arms and legs)
- Ostomy supplies
- Oxygen and related supplies (not subject to Coinsurance)
- Respiratory equipment and related supplies
- Wheelchairs

You must have Prior Approval from HNE for:

- Automatic CPAP (APAP) device
- Bi-Level Positive Airways Pressure device (BiPAP)
- Pressure Support Ventilator
- Certain diabetic equipment and supplies (see Diabetic-Related Items in this section of the EOC)
- Certain repairs and maintenance of DME
- Certain wheelchairs, including but not limited to power wheelchairs
- Customized items and supplies
- Facial prostheses (including artificial eyes)
- Orthotics
- Prosthetic limbs
- Specialized beds/mattresses for wound care
- Wound care supplies
- High cost equipment including:
    - Air fluidized beds
    - Bone growth stimulators
    - Cochlear implants
    - Continuous glucose monitoring devices
    - High frequency chest wall compression devices / oscillation vests
    - Intrapulmonary percussive ventilation systems
    - Speech generating devices
    - Wearable external defibrillators
    - Wound vacuum systems

What is Not Covered

- Arch supports, corrective shoes, and inserts (except those for diabetic foot care)
- Articles of special clothing. mattress and pillow covers (including hypo-allergenic versions)
- Bed pans and Bed rails
- Bidets
- Bath/shower chairs
- Certain disposable items or dressing supplies (for example, alcohol wipes, sterile water, saline solution, tape, Band-Aids®, adhesive remover, topical anesthetics)
- Comfort or convenience items such as telephone arms, air conditioners, and over bed tables

- Dehumidifiers, humidifiers, air cleaners or purifiers, HEPA filters and other filters, and portable nebulizers
- Elevators, ramps, stair lifts, chair lifts, strollers, and scooters
- Exercise or sports equipment
- External urinary catheters
- Eyeglasses and contact lenses (unless specifically covered in your EOC)
- Heating pads, hot water bottles, and paraffin bath units
- Home adaptations (This includes but is not limited to home improvement and home adaptation equipment, for example, bathroom grab bars.)
- Hot rubs, saunas, Jacuzzis®, swimming pools, or whirlpools
- Incontinence products
- Repair or replacement of equipment or devices as a result of loss, negligence, willful damage, or theft
- Safety equipment (e.g., car seats, safety belts, harnesses or vests)
- Saunders Lumbar Hometrac®
- Tinnitus masker
- Items that are considered Experimental, investigational, or not generally accepted in the medical community
- Items that do not meet the coverage rules listed above

If you do not see your specific items on the lists above, please call HNE Member Services.

HNE will notify you of any change to:

- This list
- What is covered
- What items or services need Prior Approval
- What is not covered

An amendment to this EOC will be provided by HNE and will show the change.

Ambulance and Transportation Services

HNE covers ambulance and transportation services as follows:

- **Emergency Transportation –** HNE covers transportation for an Emergency Medical Condition (as defined in Section 14 of the EOC). HNE covers transportation services from the place where a person is injured or stricken by disease to the nearest hospital where treatment can be given. HNE will also cover transport from one hospital to another hospital when the first hospital does not have the required services and/or facilities to treat the Member. For ground ambulance services, HNE covers only the ambulance transport and mileage. HNE will not cover ancillary supplies or services *when billed as separate line items* as a part of ground ambulance services. Examples of these supplies and services are: ECG Tracing, drugs, intubation, and measuring of oxygen in the blood.

- **Air Ambulance –** HNE covers air ambulance services in the case of a life threatening emergency or when otherwise pre-approved by HNE.

- **Non-Emergency Transportation (requires Prior Approval) –** HNE covers ambulance or chair van services for a Member from a hospital setting to their home, or to a skilled nursing facility, if the Member cannot be safely or adequately transferred without endangering their health. All non-emergency transportation services must be pre-approved by HNE.

What is Not Covered

- HNE does not cover transportation by ambulance or by chair van for patient convenience or for non-clinical, non-medical reasons.

- HNE does not cover transportation to or from a doctor's office, clinic, or other place for medical care that can be planned ahead of time.

Kidney Dialysis

HNE covers kidney dialysis on an inpatient or outpatient basis, or at home. Some people with kidney disease, who have "end stage renal disease" or ESRD, are eligible for Medicare at any age. If you have ESRD, you should enroll in Medicare. Medicare may pay some medical costs HNE does not cover. Starting 30 months after you are enrolled in Medicare with ESRD, Medicare pays first for dialysis, and HNE pays second. You should apply for Medicare to make sure you get the most complete coverage.

Nutritional Support

(Requires Prior Approval)

Some providers submit claims to HNE for nutritional support items. Some providers may not submit a claim form. If the provider will not submit a claim form, pay the provider and submit the itemized paid receipts to HNE. HNE will repay you for covered items. When you send the receipts in to HNE, circle the nutritional items on the receipt. Also, be sure to include the Member's name and HNE ID number on the receipt.

HNE covers the following when ordered by an In-Plan Provider:

- Nutritional support, including enteral tube feeding, when the Member has a permanent impairment involving the gastrointestinal tract that prevents adequate or nutritional intake
- Parenteral nutrition and total parenteral nutrition
- Special medical foods that are taken orally and prescribed for:
    - Phenylketonuria (PKU)
    - Tyrosinemia
    - Homocystinuria
    - Maple syrup urine disease
    - Propionic acidemia
    - Methylmalonic academia in a Dependent child
    - Protection of an unborn fetus of a pregnant Member with PKU
- Non-prescription enteral formulas for home use that are Medically Necessary for the treatment of malabsorption caused by:
    - Crohn's disease
    - Ulcerative colitis
    - Gastroesophageal reflux
    - Gastrointestinal motility
    - Chronic intestinal pseudo-obstruction
    - Allergic enteropathy, including allergic colitis
- Low protein food products for inherited disease of amino acids and organic acids.

What is Not Covered

- Dietary supplements
- Special infant formulas unless the Member's medical condition meets the clinical criteria noted above for malabsorption
- Vitamins and/or minerals taken orally to replace intolerable foods, supplement a deficient diet, or provide alternative nutrition for conditions such as:
    - Hypoglycemia
    - Allergies
    - Excessive weight
    - Gastrointestinal disorders

The items above are not covered even if they are required to maintain weight or strength.

Cardiac Rehabilitation

HNE covers the multidisciplinary treatment of persons with documented cardiovascular disease. HNE covers such care when it meets standards issued by the Commissioner of Public Health. Such standards will include, for example, outpatient treatment, if the treatment is started within 26 weeks after the diagnosis of the disease. Phases III and IV of cardiac rehabilitation are not covered under this benefit. Phases III and IV are exercise programs designed to maintain the patient's rehabilitated cardiovascular health.

Nurse Anesthetists and Nurse Practitioners

HNE covers services provided by a certified registered nurse anesthetist or nurse practitioner if the following conditions are met:

1. The service is within the scope of the certified registered nurse anesthetist's license or the nurse practitioner's authorization to practice by the Board of Registration in Nursing, and
2. HNE covers the identical services when rendered by other licensed providers of health care

Physician Assistants

HNE covers services provided by an In-Plan Physician Assistant if the following conditions are met:

1. The service is within the scope of the Physician Assistant's license, and
2. HNE covers the identical services when rendered by other licensed providers of health care

Wigs (Scalp Hair Prostheses)

HNE covers wigs (scalp hair prostheses) worn for hair loss due to the treatment of any form of cancer or leukemia. HNE covers one prosthesis per Calendar Year. Your Cost Sharing is shown in the Summary of Benefit Chart in Appendix A. You must send a request for reimbursement to HNE Member Services. The request must include:

- Proof of payment
- A written statement from your doctor that the wig is Medically Necessary

Speech, Hearing, and Language Disorders

(Requires Prior Approval after the initial evaluation)

HNE covers the diagnosis and treatment of speech, hearing, and language disorders. Services must be provided by In-Plan speech-language pathologists or audiologists. HNE will not cover these services when available in a school-based setting.

Hearing Aids for Members Age 21 and Under

(Requires Prior Approval)

HNE covers hearing aids for Members age 21 and under as required by Massachusetts law.

- HNE covers the cost of one hearing aid per hearing impaired ear, every 36 months, up to a maximum of $2,000 for each hearing aid. The $2,000 limit applies to the hearing aid only. Related supplies and fittings are covered under the benefit for Durable Medical Equipment (DME).
- Coverage for related services prescribed by a licensed audiologist or hearing instrument specialist includes:
    - Initial hearing aid evaluation
    - Fitting and adjustments
    - Supplies, including ear molds
- You may choose a higher priced hearing aid and pay the difference in cost above the $2,000 limit. If you choose to pay the difference in cost, the amount you pay will not apply to your Plan's Out-of-Pocket Maximum.
- HNE requires a written statement from the Member's treating physician that the hearing aid is Medically Necessary.

Treatment of Cleft Lip and Cleft Palate

(Requires Prior Approval)

HNE covers the treatment of cleft lip and cleft palate for members age 18 and younger as required by Massachusetts law.

- Coverage includes:
  - Medical, dental, oral and facial surgery
  - Surgical management and follow-up care by oral and plastic surgeons
  - Orthodontic treatment and management
  - Preventive and restorative dentistry to ensure good health and adequate dental structures for orthodontic treatment or prosthetic management therapy
  - Speech therapy
  - Audiology
  - Nutritional services
- The services above are covered when prescribed by the treating physician or surgeon who certifies that the services are:
  - Medically Necessary
  - Related to the treatment of the cleft lip or the cleft palate
- Dental or orthodontic treatment not related to the management of a cleft lip or cleft palate is not covered.
- Any Cost Sharing and other requirements that are a part of your plan apply to this coverage.

Human Organ Transplants and Bone Marrow Transplants

(Requires Prior Approval)

What is Covered

- Autologous bone marrow transplants for a Member with metastasized breast cancer in accordance with the criteria of the Massachusetts Department of Public Health and for the follow diagnoses:
  - Acute leukemia remission
  - Resistant non-Hodgkin's lymphomas
  - Advanced Hodgkin's disease
  - Recurrent or refractory neuroblastoma
- Allogeneic or autologous bone marrow transplants for multiple myeloma, aplastic anemia, leukemia, severe combined immunodeficiency disease, Wiskott-Aldrich Syndrome, and some cases of metastatic breast cancer which meet the coverage eligibility guidelines by the Massachusetts Department of Public Health. HNE does not cover bone marrow or stem cell harvest or rescue and related treatment, except for these diseases.
- Cornea transplant. Contact lenses following a cornea transplant are covered for up to one year, if Medically Necessary.
- Heart transplant
- Heart/lung transplant
- Lung transplant
- Kidney transplant
- Liver transplant
- Human leukocyte antigen testing of histocompatibility locus antigen testing. This is covered for a Member when needed to establish the Member's bone marrow transplant donor suitability. HNE covers the costs of testing for A, B, or DR antigens, or any combination of those. A Member only needs to be tissue typed once during his or her lifetime. Tissue typing is similar to blood typing. Like blood type, tissue type does not change. Therefore, coverage is limited to one test per Member per lifetime. All other uses of HLA testing are covered when Medically Necessary. This service requires Prior Approval.

In the case of bone marrow transplants, if a covered bone marrow transplant is not available from an In-Plan Provider, HNE will pay for services rendered by an Out-of-Plan Provider. You must get Prior Approval before receiving services from an Out-of-Plan Provider.

HNE covers the above services at transplant Centers of Excellence. If an HNE Member is the recipient of a human organ and the donor's costs are not covered by any other insurance, HNE covers the donor charges for no more than 90 days post-operatively or until the HNE Member's coverage ends, whichever happens first. HNE does not cover the charges for an HNE Member who is donating an organ to a non-HNE member. This applies whether or not the services are covered by the recipient's plan.

What is Not Covered

- Human organ transplants that are not listed above or that are Experimental or unproven
- Transportation and lodging expenses for a Member and/or his or her family
- Artificial or animal to human organ or tissue transplant
- Human leukocyte antigen testing for individuals who are not HNE Members

Wellness Services

HNE will reimburse you for three wellness visits **per family** each Calendar Year as follows:

- Wellness visits are one hour visits for acupuncture or for massage therapy.
- The acupuncturist of massage therapist you visit must be licensed to provide the type of service you receive.
- This benefit is for a **total** of three visits **per family** each Calendar Year. For example, you may have three visits for acupuncture **or** three visits for massage **or** one visit for acupuncture and two visits for massage **or** two visits for acupuncture and one visit for massage.
- For reimbursement you must send us an HNE "Small Group Acupuncture and Massage Reimbursement Form" along with proof of your payment. For a reimbursement form, go to healthnewengland.org /acupuncture or call Member Services. *Members with an Individual (Non-Group) Contract are eligible for this benefit.*

Behavioral Health (Mental Health and Substance Abuse Services)

How to Get Services

Outpatient Services

To obtain outpatient treatment for mental health or substance abuse, you may call the In-Plan provider of your choice directly. Your doctor, family member, or your In-Plan Provider may also call for you. You do not have to contact HNE before receiving services.

You do not need Prior Approval for medication management services with an In-Plan psychiatrist or clinical nurse specialist. There is not annual limit to the number of medication management visits you may obtain.

To look up In-Plan behavioral health providers, please check your Provider Directory, or visit healthnewengland.org, or call HNE Member Services at (413) 787-4004 or (800) 310-2835 (TTY: 711). If you need help choosing a provider, you may call HNE's Health Services Department at (413) 787-4004, ext. 5028, or (800) 842-4464, ext. 5028 (TTY: 711). Our staff can help you choose a provider based on the nature of your concerns, your location, and appointment availability.

Inpatient Services

Inpatient admissions do not require Prior Approval from HNE. The admitting facility must contact the HNE Health Services Department within one business day to obtain authorization for continued stay. For information please call HNE's Health Services Department at (413) 787-4000, ext. 5028, or (800) 842-4464 ext. 5028 (TTY: 711).

Emergency Care

If you need emergency care, follow the steps listed in Section 2 of this EOC. See the information under the heading "How to Obtain Care in an Emergency."

Disclosure of Information

As a condition to receiving benefits outlined in this section, HNE will not require consent to the disclosure of information regarding services for mental disorders under different terms and conditions than for other medical conditions. Only licensed mental health professionals will make decisions about the medical necessity of services described in this section. However, denial of service based on lack of insurance coverage or use of an Out-of-Plan Provider will not be made by a licensed mental health professional.

Mental Health Services

HNE will only cover mental health services when they are Medically Necessary. Mental health services may be provided by:

- Psychiatrists
- Psychologists
- Psychotherapists
- Licensed independent clinical social workers
- Mental health counselors
- Clinical specialists in psychiatric and mental health nursing
- Licensed marriage and family therapists providing services within the scope of practice allowed by law for these therapists

Mental health services may be provided in the inpatient settings listed below. Services must be rendered by a licensed mental health professional acting within the scope of his license.

- A general hospital licensed to provide such services
- A facility under the direction and supervision of the Department of Mental Health
- A private mental hospital licensed by the Department of Mental Health
- A substance abuse facility licensed by the Department of Mental Health

Mental health services may be provided in the outpatient settings listed below. Services must be rendered by a licensed mental health professional acting within the scope of his license.

- A licensed hospital
- A mental health or substance abuse clinic licensed by the Department of Public Health
- A public community mental health center
- A professional office
- A Member's home

Biologically based mental disorders

HNE covers the following biologically based mental disorders, as these disorders are described in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM). This manual is published by the American Psychiatric Association.

- Schizophrenia
- Schizoaffective disorder
- Major depressive disorder
- Bipolar disorder
- Paranoia and other psychotic disorders
- Obsessive-compulsive disorder
- Panic disorder
- Delirium and dementia

- Affective disorders
- Eating disorders
- Post traumatic stress disorder
- Substance abuse disorders
- Autism
- Any biologically based mental disorders appearing in the DSM that are scientifically recognized and approved by the Commissioner of Mental Health in consultation with the Commissioner of the Division of Insurance

There are no limits on Medically Necessary outpatient visits or inpatient admissions for these conditions.

Rape-related mental health treatment

HNE covers the diagnosis and treatment of rape-related mental or emotional disorders for victims of a rape or victims of an assault with the intent to commit rape. There are no limits on Medically Necessary outpatient visits or inpatient admissions for these conditions.

Services for children and adolescents under the age of 19

HNE covers services to treat mental, emotional, or behavioral disorders in children and adolescents under the age of 19 as described in this section. These services cover two kinds of disorders: disorders that are biologically based, and those that are not. Disorders that are not biologically-based must meet these conditions:

- They must interfere with, or truly limit, the function or social interactions of a person less than 19 years old.
- The interference or limit must be important, and must be documented.
- The disorders also must be described in the DSM.
- The person must be referred by the PCP, the pediatrician, or a licensed mental health provider.

Here are some examples. Problems or disorders would qualify for coverage if:

- They keep a student from going to school.
- They require admission to a hospital.
- They cause a pattern of conduct that poses serious danger to self or others.

If a person under 19 is being treated, HNE will continue to cover treatment after the person's 19th birthday, until the earlier of:

- The time the course of treatment (in the treatment plan) is over; or
- The time the person's coverage ends under this EOC, or
- The time a person's coverage ends under an HNE plan replacing this EOC

There are no limits on Medically Necessary outpatient visits or inpatient admissions for these conditions.

All other mental disorders

HNE covers all other mental disorders which are described in the most recent addition of the DSM. Coverage for services is based on Medical Necessity.

Psychopharmacological services and neuropsychological assessment services

HNE covers these services to the same extent as all other medical services.

Substance Abuse Services

HNE covers the diagnosis and treatment of substance abuse. The treatment can be inpatient and outpatient treatment. Outpatient treatment must be provided by a physician or psychotherapist who spends a large part of their time treating substance abuse. HNE also covers Medically Necessary inpatient detoxification. All treatment must be Medically Necessary.

What is Covered and What is Not Covered

What is Covered

- Inpatient services
- Outpatient services
- Intermediate services – Sometimes outpatient services alone are not enough to meet a Member's needs. These services provide a range of non-inpatient services for more intensive and extensive treatment. Coverage for these services is based on Medical Necessity. Services include but are not limited to the services listed below.
  - Level III community-based detox
  - Community Based Acute Treatment program (CBAT). (CBAT is a short term, intensive structured 24 hour community based program. The typical length of stay is from 1 to 14 days. CBAT is used as a clinically appropriate diversion to inpatient hospitalization. Sometimes it is used as a step down from an inpatient hospitalization. HNE has clinical review criteria for admissions to CBAT programs. Your provider must notify HNE of the admission.
  - Partial Hospital Program (PHP) and Intensive Outpatient Program (IOP)
  - Day treatment
  - Clinically managed detoxification services (This is 24 hour, seven days a week clinically managed detoxification services in a licensed non-hospital setting that includes 24 hour per day supervision, observation and support, and nursing care, seven days a week.)
  - Crisis Stabilization Unit (CSU)
  - Family Stabilization Team (FST)
- Medication-assisted treatment (MAT) for substance abuse and related services. There is no Member Cost Sharing for these services.
- Clinical Stabilization Services (CSS) and Acute Treatment Services (ATS) for treatment of substance abuse. (CSS is a 24 hour treatment program. It usually follows an inpatient detoxification. ATS is a 24 hour a day medically monitored inpatient detoxification treatment setting that provides withdrawal management.) Prior Approval is not required when you use an In-Plan facility licensed by the Massachusetts Department of Public Health. Your provider must contact HNE within 48 hours of the admission. After the first 14 days of your stay, we may review whether your care continues to be Medically Necessary and appropriate. This 14 days is a combined total for CSS and ATS.
- Services by licensed alcohol and drug counselors who have a Massachusetts LADC-I level license

What is Not Covered

- Educational services or testing, except services covered under the benefit for Early Intervention services
- Services for problems of school performance
- Faith-based counseling
- Social work for non-mental health care
- Christian Science practitioner and sanitarium stays
- Residential/custodial services (including residential treatment programs and halfway houses)
- Services required by a third party or court order

You must have Prior Approval from HNE for:

- Partial Hospital Program (PHP) and Intensive Outpatient Program (IOP)
- Neuropsychological testing
- Repetitive Transcranial Magnetic Stimulation (rTMS)
- Family Stabilization Team (FST)

Your Rights under the Massachusetts Mental Health Parity Laws and the Federal Mental Health Parity and Addiction Equity Act (MHPAEA)

You may have rights under state and federal mental health parity laws. Both laws say that health plans must cover treatment for mental health and substance use disorders in the same way that they cover treatment for medical conditions. This means that Copays, Coinsurance and Deductibles, for mental health conditions must be the same as those for medical conditions. Also, mental health office visit Copays must not be greater than primary care visits. The methods we use to review coverage for mental health or substance use disorder benefits are comparable to those we use to review medical benefits. Clinical standards may permit a difference in how benefits are reviewed.

If you think HNE is not covering treatment for mental health and substance use disorders in the same way that we cover treatment for medical conditions, you may file a complaint with the Division of Insurance (DOI) Consumer Services Section.

You may file a written complaint by using the DOI's Insurance Complaint Form. You may request a copy of the form by phone or by mail. You also can find the form on the DOI's webpage at:

http://www.mass.gov/ocabr/consumer/insurance/file-a-complaint/filing-a-complaint.html

You may also submit a complaint by telephone by calling (877) 563-4467 or (617) 521-7794.

If you submit a verbal complaint, you must follow up in writing. You must include the following information on the Insurance Complaint Form:

1. Your name and address;
2. The nature of your complaint;
3. Your signature authorizing the release of any information to help the DOI with its review of the complaint.

A parity complaint is **not** the same as an appeal under your Plan. You may still need to file an appeal with HNE. Filing an appeal with HNE may be necessary to protect your right to continued coverage of treatment while you wait for an appeal decision. See the appeal procedures outlined in Section 6 of this EOC for more information about filing an appeal.

Special Programs and Discounts

HNE Members have access to special programs and discounts, such as discounts off the cost of some therapies like acupuncture and massage therapy.

HNE has a reimbursement program for qualifying fitness costs and Weight Watchers® programs. We will reimburse you up to a total of $150 per family per Calendar Year for qualifying fitness memberships and fees and qualifying Weight Watchers® programs. Call HNE Member Services for details.

Programs and discounts may change from time to time. Call HNE Member Services for a current listing of HNE's special programs and discounts.

SECTION 4 – EXCLUSIONS AND LIMITATIONS

WHAT'S IN THIS SECTION?

In this section, we describe services that are not covered. We call these "exclusions." We also describe services that have a benefit limit. Some benefit limits place a cap on the number of services that are covered. Other benefit limits only allow coverage of a service for certain conditions.

Exclusions listed in this section are general exclusions. That means they may apply to more than one type of service, or to services that are not described elsewhere in this EOC. Other specific exclusions are listed in the benefit descriptions in the previous section.

HNE does not limit or exclude coverage for pre-existing conditions. HNE will cover these pre-existing conditions to the same extent as for any other condition. Services must be Medically Necessary.

This section lists specific medical services. To describe the services, we use medical language. If you do not know what a certain exclusion means, call Member Services or talk to your doctor.

HNE covers Medically Necessary treatment that is needed due to complications resulting from a non-covered service. HNE covers such treatment consistent with the terms of this EOC.

Exclusions

HNE does not cover services and items listed below. This means they are "excluded" from coverage. HNE also does not cover services or items that are listed as "not covered" in this EOC.

HNE does not cover:

1. All services or supplies provided by an Out-of-Plan Provider, unless:
   - An In-Plan Doctor approves them ***and***
   - HNE approves them in advance ***or***
   - The services are provided to treat an Emergency Medical Condition (See "How to Obtain Care in an Emergency" in Section 2 of this EOC.)
2. All services provided outside the HNE Service Area when the Member could have foreseen the need for such services before leaving the HNE Service Area. This exclusion applies unless HNE has approved services in advance.
3. Any costs associated with any form of surrogacy, including gestational carriers
4. Any service that Workers' compensation or other third party insurer is legally responsible to pay
5. Any services provided by the Veterans Administration for disabilities connected to military service. There also must be facilities which are reasonable available for these Members.
6. Services provided under MGL Chapter 71B in Massachusetts (referred to as "Chapter 766"). Services provided under Section 10-76-A-d of the General Statures in Connecticut. These services include, for example:
   - Adaptive physical education
   - Physical and occupational therapy
   - Educational services or testing, except services covered under the benefit for Early Intervention services
   - Services for problems of school performance
   - Psychological counseling
   - Speech and language therapy
   - Transportation

Members must try to obtain benefits available under state law. A member or parent should seek a Chapter 766 or Section 10-76A-d evaluation if you believe your child may be disabled. This includes:

- Physical disability
- Mental retardation
- Learning problems
- Behavioral problems

7. Alternative medicine. This includes approaches to health care that are generally not accepted by the medical community. Alternative Medicine is practiced outside of and/or in place of conventional medicine. Examples include:
    - Special diets
    - Homeopathic remedies
    - Electromagnetic fields
    - Therapeutic touch
    - Homeopathy
    - Naturopathy
    - Hypnosis
    - Herbal medicine
    - Holistic medicine
    - Acupuncture (except certain specific Covered Services, if any, listed elsewhere in this EOC or riders to this EOC)
    - Chiropractic services (except certain specific Covered Services, if any, listed elsewhere in this EOC or riders to this EOC)
    - Spiritual devotions or culturally based healing traditions such as Chinese, Ayurvedic, and Christian Science
8. Care or treatments by family members
9. Cologuard® genetic test for colorectal cancer screening
10. Corrective intraocular lenses, for example toric lenses
11. Digital tomosynthesis (3D mammography)
12. Educational or vocational services or testing, except services covered under the benefit for Early Intervention services. These are examples of excluded services:
    - School or sports related physical exams
    - Job retraining
    - Vocational and driving evaluations
    - Therapy to restore function for a specific occupation
13. Extracorporeal Shock Wave Therapy (ESWT) for chronic plantar fasciitis
14. Eyeglasses, contact lenses, laser vision correction surgery and orthoptics. See "Limitations and Partial Exclusions" later in this section for some exceptions. This plan has benefits for vision care services for children under the age of 19. See Appendix D of this EOC.
15. Hearing aids or exams to prescribe, fit, or change them for Members over the age of 21
16. Intradiscal Electrothermal Therapy (IDET)
17. Litholink services
18. Marijuana for medical use
19. Medical care that an HNE Medical Director determines is not generally accepted in the medical community or is Experimental or investigational. (We define "Experimental" in Section 14.)
20. Medical expenses in any government hospital or facility. Services of a government doctor or other government health professional.
21. Postoperative Disposable Ambulatory Regional Anesthesia (PDARA) and Cold Therapy Devices
22. Pulmonary Rehabilitation Phase III exercise maintenance program
23. Charges to ship or copy Member medical records
24. Charges for failing to keep an appointment

25. Routine foot care for Members who do not have diabetes. This includes but is not limited to:
    - Cutting or removal of corns and calluses, plantar keratosis
    - Trimming, cutting, and clipping of nails
    - Treatment of weak, strained, flat, unstable or unbalance feet
    - Other hygienic and preventive maintenance care considered self-care (i.e. cleaning and soaking the feet, and the use of skin creams to maintain skin tone)
    - Any service performed in the absence of localized illness, injury or symptoms involving the foot

    HNE covers Routine foot care if you are a diabetic.
26. Arch supports, corrective shoes, and inserts (except those for diabetic foot care)
27. Sales tax on health care services, DME or other items
28. Services by Health Diagnostic Laboratory, Inc.
29. Services, supplies, or medications primarily for personal comfort or convenience. This includes, for example, services or other items obtained from a provider based solely on location or hours of service.
30. Services you receive after the date your coverage ends
31. Special duty or private duty nursing and attendant services
32. Specialty clothing for specific medical conditions
33. Travel, transportation, and lodging expenses in connection with treatment or medical consultation
34. Weight control programs

Limitations and Partial Exclusions

HNE places specific limitations or partial exclusions on the following services and supplies:

- Non-experimental implants are covered only if:
    - The implant is Medically Necessary due to a functional defect of a bodily organ; and
    - The implant will serve to restore full normal function

  (Note: This refers to implants. Coverage and exclusions for transplants are described in Section 3 of this EOC.)

- Contact lenses are covered only:
    - for cataract after extraction
    - for keratoconus
    - for aphakia
    - following a cornea transplant, for up to one year, if Medically Necessary
    - for bandage lenses for corneal abrasion or eye injury

- HNE provides reimbursement for eyeglasses after cataract surgery. Reimbursement is limited to $250 for one pair of glasses per Calendar Year. Glasses must be purchased within six months of the cataract surgery.

- Reconstructive or restorative surgery
  Reconstructive or restorative surgery is only covered when the surgery is a Medically Necessary service and it is:
    - Part of the treatment of a disease
    - In connection with a mastectomy
    - Needed to correct a birth defect to restore essential bodily functions

  HNE will consult with you and your doctor to decide coverage. The Plan will not cover reconstructive or restorative surgery for dental services or for cosmetic purposes only.

Federal Women's Health and Cancer Rights Act of 1998

HNE will provide coverage following a mastectomy for:

- Reconstruction of the breast on which the mastectomy was performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prosthesis
- Any physical complications resulting from the mastectomy, including lymphedemas

Cosmetic Services

HNE covers services which maintain or restore essential body functions.

HNE does not cover:

- Cosmetic surgery and procedures. These are services that:
  - Improve appearance only
  - Do not restore bodily function
  - Are not Medically Necessary
- Surgeries to change or improve appearance or self image
- Drugs, services and appliances to change or improve appearance or self image
- Cosmetic care for psychological or emotional reasons
- Follow up treatment for cosmetic services

Here are some examples of services that are cosmetic. HNE does not cover:

- Botox injections for cosmetic purposes
- Breast implants
- Breast reduction for male enlarged breasts
- Chemical exfoliation for acne
- Chemical peel
- Chin implant (not covered except for correction of problems secondary to disease, injury or severe birth defect)
- Collagen implant (e.g., Zyderm)
- Correction of abdominal separation
- Ear surgery
- Earlobe repair to close a stretched or torn ear pierce hole
- Face lifts
- Fat transfer or fat grafts
- Laser hair removal
- Liposuction
- Reduction of labia minora
- Removal of acne scars
- Removal of excess hair
- Removal of excessive skin
- Removal of spider angiomata
- Removal or repair of scars
- Salabrasion
- Scar revision
- Treatment for non-symptomatic varicose veins

This list above does not contain all of the services HNE does not cover. This is only a partial list. HNE does not cover any cosmetic procedure. HNE does not cover any procedure that is not Medically Necessary.

SECTION 5 – CLAIMS AND UTILIZATION MANAGEMENT PROCEDURES

WHAT'S IN THIS SECTION?

In this section, we explain how HNE makes decisions about Covered Services. This is part of "utilization management."

HNE must approve some services before you get them. This is called "Prior Approval." We list services that require Prior Approval in this section. We also explain how to get Prior Approval.

HNE reviews some services during the time you receive them. This is called "concurrent review." We conduct concurrent review for services like inpatient stays, home health care, and other ongoing courses of treatment.

HNE reviews services already received by a Member. This is called "retrospective review."

A decision not to cover a service is called an "Adverse Determination." We will tell you in writing when we make an Adverse Determination. We also will notify the doctor who requested the service. You or your doctor may appeal our decision.

About Claims for Coverage from Out-of-Plan Providers

For In-Plan Providers, you do not have to submit claims to HNE. In-Plan Providers do this for you. Sometimes you may need to submit claims to HNE. An example may be if you receive Covered Services from an Out-of-Plan Provider in an emergency or with Prior Approval from HNE. Present your HNE ID Card. Most Out-of-Plan Providers will bill HNE directly. If possible, ask the Out-of-Plan Provider to send a standard medical claim form to HNE.

Within 45 days of when we get the claim, HNE will:

- Pay the Out-of-Plan Provider, ***or***
- If we do not pay the claim, tell the Out-of-Plan Provider the reason for non-payment, ***or***
- Ask the provider in writing for any additional information we need to pay the claim.

If HNE doesn't do one of these within 45 days, we will pay interest to the provider. This interest is in addition to any reimbursement for health care services provided. Interest will accrue beginning 45 days after HNE received the request for reimbursement. Interest applied will be at the rate of 1.5% per month, not to exceed 18% per year. Interest payments will not apply to a claim that HNE is investigating because of suspected fraud.

If the Out-of-Plan Provider will not bill HNE, you must make a claim to HNE. Send HNE a bill or claim which lists each service, the amount charged, the date and the diagnosis. In some cases, you may have to pay the Out-of-Plan Provider's bill before HNE can pay it. If you have paid for Covered Services from an Out-of-Plan Provider and want to be reimbursed, you must submit a claim to HNE. To submit a claim you must use a "Member Reimbursement Medical Claim Form." Instructions for submitting a claim are on the Claim Form. To get a Claim Form, visit healthnewengland.org or call Member Services. Claims for member reimbursement for services from Out-of-Plan providers must be received by HNE within one year from the date of the services. You must pay any Copays that apply. HNE will pay you for the cost of Covered Services, less any applicable Deductible and Copays or Coinsurance.

HNE may require you to supply documents that show the services you received were Medically Necessary and/or Covered Services under your plan. If HNE determines that the services you received were not Covered Services or

were not Medically Necessary, we may deny coverage. If HNE denies coverage, you will be responsible for the cost of the services.

Please note: With this HMO plan, you are covered for services from Out-of-Plan Providers only in an emergency or when you have Prior Approval from HNE for the services.

If you receive Emergency services in a foreign country, you must have your bill translated into English. The amount you are billed must also be converted to U.S. dollar values. These dollar values must be the dollar value on the date you received the services.

Utilization Management Program

HNE may review some claims to be sure that they are Covered Services and that they are Medically Necessary and appropriate. This review is called "Utilization Management," or "UM."

There may be times when a service is reviewed and not approved. When this happens, payment for the service may be denied. UM denials are made **only** based on whether the treatment or service is covered under your benefit plan, Medically Necessary and appropriate.

HNE knows that some treatments may be over-used, but also, that some may be under-used. Our UM program therefore includes these principles:

- Medical decision-making is based on whether the care and services are appropriate, and on whether it is covered.
- Clinicians and staff involved in UM work together to help Members get proper health care.
- In-Plan Providers and staff who review coverage decisions are not rewarded based on the number or type of coverage denials they make.

Services and Procedures that Require Prior Approval

Some treatments and services require Prior Approval. These services and treatments are covered only if HNE approves them in advance. If any cosmetic procedure is performed at the same time as the approved services, HNE may deny the non-approved treatment. HNE covers Medically Necessary treatment due to complications from the non-covered services. The services or treatments that require Prior Approval are:

- All Out-of-Plan elective admissions
- Abdominal Panniculectomy (removal of fat from the abdomen)
- Applied Behavior Analysis (ABA)
- Autologous Chondrocyte Transplant
- Biofeedback for urinary incontinence
- Cardiac monitoring (long term, 30-day)
- Certain medical equipment (refer to Section 3 of this EOC)
- Chair van services and non-emergency ambulance trips
- Cleft lip and cleft palate treatment
- Clinical trials for cancer and other life threatening diseases
- Cochlear implants
- Corrective surgery of the palate, uvula, or related structures for obstructive sleep apnea
- Dermal injections for the treatment of facial lipodystrophy syndrome (LDS)
- Diagnostic Imaging:
  - Computed Tomography (CT or CAT scans)
  - Magnetic Resonance Angiogram (MRA)
  - Magnetic Resonance Imaging (MRI)
  - Nuclear Cardiac Imaging done in all outpatient settings, including outpatient facilities and doctors' offices

- Positron Emission Tomography (PET scans)
- Low-dose computed tomography screening for lung cancer

- Endothelial Keratoplasty
- Eyelid surgery
- Female breast reduction surgery
- Gastric Stimulator including Enterra® Therapy system (Medically Necessary to treat diabetic, idiopathic, or neurogenic gastroparesis)
- Gender reassignment operations and treatments
- Genetic testing (for example BRCA and Colaris tests)
- Hearing aids (covered for Members age 21 and under)
- Home Health Care – Skilled home care services, including for example:
  - Home infusion
  - Home perinatal monitoring
  - Home skilled nursing care
  - Home physical, occupational and speech therapy
- Hospice services
- Hospital and anesthesia services for dental procedures for Members with a serious medical condition
- Human organ transplants and bone marrow transplants
- Implantable miniature ocular telescope
- Infertility treatment: Members must meet the requirements of HNE's Infertility Protocol. You may call HNE Member Services for a copy of the Protocol.
- INFUSE® Bone Graft
- Infusion therapy for high cost infusion drugs (Infusion therapy is when a drug is delivered through a needle or catheter into a vein. Some drugs can be delivered by a subcutaneous infusion. (That is, delivered through a needle that is placed into the fatty tissue just below the skin's first layer.) Some high infusion drugs require Prior Approval. These drugs are not part of your prescription drug benefit. They are part of your medical benefit. To find out if a certain infusion drug requires Prior Approval, your provider can check HNE's Drug Formulary on healthnewengland.org.)
- Injectable drugs (Some injectable drugs require Prior Approval. These are not a part of your prescription drug benefit. They are part of your medical benefit. HNE is responsible for these drugs' Prior Approval. To find out if an injectable drug requires Prior Approval, check HNE's Drug Formulary on healthnewengland.org or call HNE Member Services.)
- Laser treatment for psoriasis
- Mandibular Advancement Device for obstructive sleep apnea
- Mental health and substance abuse services listed below. For Prior Approval call HNE's Health Services Department at (800) 842-4464 ext. 5028.
  - Partial Hospital Program (PHP) and Intensive Outpatient Program (IOP)
  - Neuropsychological testing
  - Repetitive Transcranial Magnetic Stimulation (rTMS)
  - Family Stabilization Team (FST)
- Mobi-C Artificial Cervical Disc
- Nutritional support (see Section 3 of this EOC)
- Oncogene typing associated with treatment for breast cancer
- Orthognathic surgery (jaw surgery)
- Orthotics
- Outpatient Hyperbaric Oxygen therapy (HBO)
- Photochemotherapy and phototherapy after the first 36 visits
- Preimplantation Genetic Diagnosis (PGD)
- Prosthetic limbs

- Proton Beam Therapy
- Radiofrequency ablation for chronic spinal pain
- Reduction mammoplasty
- Rhinoplasty (“nose jobs”)
- Sacral nerve stimulation for urinary incontinence
- Scleral lenses
- Services from Out-of-Plan Providers
- Sleep studies and devices and supplies that may be prescribed as a result of a sleep study
- Speech therapy after the initial evaluation
- Spinal cord stimulation
- Spinal Muscular Atrophy (SMA) testing
- Stretta® treatment for gastroesophageal reflux disease (GERD)
- Surgical management of obesity
- Total Ankle Replacement (TAR)
- Total hip resurfacing
- Transmembrane Activator and CAML Interactor (TACI) gene testing
- Any other services listed in this EOC that indicate that Prior Approval is needed

Prior Approval Process

To get Prior Approval, your treating doctor must contact HNE. The doctor can either send us a Prior Approval Request Form or contact HNE by phone.

HNE’s Health Services Department sends Prior Approval Request Forms to your doctor. HNE will decide whether the service is:

- A Covered Service
- Medically Necessary
- To be provided in the appropriate setting
- In keeping with generally accepted medical practice
- Available within the HNE network
- Consistent with HNE’s clinical criteria

Your doctor may also contact HNE by phone. The doctor should call at least seven days before your procedure. HNE will make a decision within two working days after we get all needed information. This information includes the results of any face to face clinical evaluation or second opinion required. If HNE approves coverage, we will inform the doctor who will treat you by phone within 24 hours. HNE will send Prior Approval to you and your doctor within two working days thereafter.

If HNE denies coverage for the services HNE will:

- Tell your doctor by phone within 24 hours
- Send a written denial of coverage to you and your provider within one working day thereafter

For urgent requests, HNE will notify you and your provider in writing within two business days of receiving all information, or within 72 hours of receipt of your request, whichever is earlier.

If your doctor has asked for Prior Approval, you may call (800) 310-2835 (TTY: 711) to know its status or outcome. You may call HNE’s Health Services Department if you want a copy of the clinical criteria HNE uses to make its decision.

Section 3 of this EOC tells you if a particular durable medical equipment (DME) item needs Prior Approval. You may also call Member Services.

If HNE reviews a procedure or hospital stay, it does not mean that HNE will cover all charges. HNE makes decisions about benefits according to all the terms of this EOC. Whether or not you obtain Prior Approval, items that are not covered under this EOC may be denied.

Even when we do not require Prior Approval for coverage of a particular benefit, you or your provider may ask HNE to determine whether a proposed admission, procedure or service is Medically Necessary. We may choose not to perform such a review if we decide that the admission, procedure or service will be covered. If we do agree to perform the review, we will do so within seven working days of obtaining all necessary information.

Concurrent Review Procedures

HNE may pre-approve certain procedures and services. This includes things like some inpatient hospital stays and ongoing courses of treatment. Once your stay or ongoing treatment begins, HNE may continue to review whether your care is Medically Necessary and appropriate. This is called "concurrent review." In these cases, if HNE decides to end or reduce coverage, you will be notified. We will give this written notice before the coverage ends or is reduced.

If HNE decides to approve an extended stay or additional services, HNE will notify your provider within one working day. We will send written or electronic confirmation within one working day thereafter. This notice will include:

- The number of extended days approved
- The next review date
- The new total number of days or services which are approved; and
- The day you were admitted or when services began

If the review leads to an Adverse Determination, HNE will tell your provider by telephone. This will take place within 24 hours. We will send written or electronic confirmation to you and your provider within one working day thereafter. You will continue to receive services without liability until you have been notified of HNE's decision.

You can appeal HNE's decision. If you decide to appeal, HNE will continue to cover these services until the appeal is done. Requests to extend care must be made at least 24 hours before the end of treatment. These urgent requests will be decided and communicated within 24 hours after HNE gets them.

Retrospective Review Procedures

Retrospective review is a review of a service that was already received. If HNE concludes that the service was not Medically Necessary or appropriate, HNE may deny your claim for benefits. If a claim is denied on this basis, HNE will notify you within 30 days after HNE receives the claim.

Written Notification of an Adverse Determination

If HNE concludes that a service is not Medically Necessary, or appropriate, HNE may not approve coverage. HNE will send you and your provider written notice of any such Adverse Determination. The written notice will tell you the clinical reason for the decision. The clinical reason will be consistent with generally accepted principles of professional medical practice.

HNE will:

- Identify the specific information on which the Adverse Determination was based
- Discuss your presenting symptoms or condition, diagnosis, and treatment interventions, and the specific reasons such medical evidence fails to meet the relevant medical review criteria
- Specify alternative treatment options covered by HNE, if any
- Reference and include applicable clinical practice guidelines and review criteria
- Offer your doctor or treating practitioner a case discussion or reconsideration (see below)

- Provide you with clear, concise information about:
  - HNE’s grievance process
  - How to get external review (This review is your right under state law (105 CMR 128.400))

Case Discussion and Reconsideration

If your doctor or treating practitioner disagrees with an Adverse Determination, he or she may request a case discussion with an HNE physician reviewer. Sometimes this discussion may result in reversal of HNE’s decision. Your doctor or treating practitioner may also ask a clinical peer reviewer to reconsider HNE’s decision. This will take place between your doctor (or treating practitioner) and the clinical peer reviewer within one working day of the request.

If you are still dissatisfied, you may request a clinical appeal or an expedited appeal. Your doctor or treating practitioner may also request a clinical appeal or an expedited appeal for you. The case discussion and reconsideration process do *not* need to take place before you begin the HNE grievance process or an expedited appeal. More information is available in Section 6 of this EOC.

SECTION 6 – INQUIRIES AND GRIEVANCES

WHAT'S IN THIS SECTION?

In this section we describe what to do if you are unhappy with HNE or any of the care you receive. We define the different types of inquiries and grievances. These include: complaints, benefit appeals, clinical appeals, and expedited appeals. We also outline the time frames for resolving each type.

At the end of this section, we describe the process for filing an external appeal. You file an external appeal with the Massachusetts Office of Patient Protection.

This section lists your rights to file grievances. HNE is required to describe these rights as they are below. If you do not know what a term or a section means, call Member Services.

HNE is responsible for reviewing all benefit claims under the Plan. HNE will decide your claim according to its claims procedures. These are described in Section 5 of this EOC.

Appealing Denied Claims

If your claim is denied, you may appeal to HNE for a review of the denied claim. HNE will decide your appeal according to the Inquiries and Grievances procedures described below.

Important Appeal Deadlines

If you don't appeal on time, you will lose your right to file suit in a state or federal court. You will not have exhausted your internal administrative appeal rights (which generally is a condition for bringing suit in a court).

Inquiry Process

You can ask HNE to reconsider:

- An action we have taken or not taken
- An HNE policy
- The absence of a policy you think we should have

These requests are also call "inquiries." If you have an inquiry:

- Please call HNE. We will review your inquiry and respond by phone or letter within three business days.
- Sometimes there are concerns about a provider, or a provider's office. If that is the case HNE may share the details of your concern with that provider or office.
- After HNE responds to your inquiry, we will ask if you are *satisfied* with our response.
- If you are not satisfied, HNE will offer to start a review of your complaint through the internal grievance process. If you wish, you can begin the grievance right on the phone.
- If you choose not to start a grievance during your call, HNE will send a letter to you to explain your right to have your inquiry processed as an internal grievance.
- Some HNE decisions are called "Adverse Determinations." Adverse Determinations are reviewed through HNE's internal grievance process, which is described below.

Internal Grievance Process

A "grievance" can be any of the following:

- A complaint about any aspect or action of HNE that affects you
- An issue about quality of care

- A complaint about how HNE is run
- A benefit appeal
- An appeal of an Adverse Determination
- Clinical appeals

A grievance can be oral or written.

The chart below these paragraphs describes different types of grievances and shows how soon HNE must respond to each type. Response times begin on the earliest of:

- The day that we receive your grievance
- The day you tell us that you are not satisfied with our response to an inquiry
- The day after the three business days we have to process an inquiry, if we don't respond within the three day period

If HNE does not act on a grievance within the time shown in the chart (including any agreed extensions) the grievance will be decided in your favor. Time limits in the chart can be waived or extended if both HNE and the Member agree. Any agreement to waive or extend time limits will state the new time limit agreed on; the new time limit will not be longer than 30 calendar days from the date the agreement is signed.

Overview: Grievances and Decision Time Frames

This chart is for quick reference only. See the rest of the EOC section for more detail.

Type of Grievance	Example	HNE will respond within
Complaint	An inquiry that is not resolved to a Member's satisfaction, or a complaint about a provider or a plan policy or procedure that causes concern to a Member.	30 calendar days
Benefit Appeal	Appeal of a service or request that is denied as "not a covered benefit" because it is excluded from coverage by your plan.	
Pre-Service	Appeal of a benefit denial for a service you have not received yet.	30 calendar days
Post-Service	Appeal of a benefit denial for a service you have already received.	30 calendar days
Clinical Appeal	Appeal of a decision to deny, reduce, change or end coverage of a health service for failure to meet the requirement for coverage, if the decision was based upon a review of information provided and based on: • Medical necessity • Appropriateness of health care setting and level of care, or • Effectiveness	
Pre-Service	Appeal of a clinical denial for a service you have not received yet.	30 calendar days
Post-Services	Appeal of a clinical denial for a service you have already received.	30 calendar days

Overview: Grievances and Decision Time Frames This chart is for quick reference only. See the rest of the EOC section for more detail.		
Type of Grievance	**Example**	**HNE will respond within**
Expedited Appeal	Appeal of a clinical denial for a service that your doctor feels is urgent, or for continued coverage while you are still in the hospital.	
Urgent Care	Any request for medical care or treatment that requires an expedited review because delaying care in order to follow the timeframe for non-urgent care: • Could seriously jeopardize your life or health or ability to regain maximum function; or • In the opinion of your provider, would subject you to severe pain that cannot be adequately managed without the requested care.	72 hours
Inpatient	Appeal of a clinical denial for continued coverage of a hospital stay while you are still in the hospital.	Before you are discharged
Immediate (requires certification)	Services or durable medical equipment that your doctor certifies is Medically Necessary and, if not immediately provided, could result in serious harm to you.	Upon certification, reversal within 48 hours (or sooner)
Expedited Appeal for a terminally ill Member	Complaints, Benefit Appeals, and Clinical Appeals are decided according to this time limit for a terminally ill Member unless the request for review qualifies as an Expedited Appeal as listed above.	5 business days

Submitting Your Grievance

After you receive notice that HNE has denied your claim for service you have 180 calendar days to file a grievance. You must submit your grievance within this 180 calendar day period.

Grievances may be submitted:

- By telephone
- In person
- By mail
- By electronic means (such as email)

Please include the following information:

- ✓ Member ID number.
- ✓ Daytime telephone number.
- ✓ Detailed explanations of your grievance and any applicable documents related to your grievance, such as copies of medical records or billing statements.
- ✓ Specific resolution you are requesting.
- ✓ Any other documents that you feel are relevant to the review.

You may contact us by:

Mail: Health New England
Complaints and Appeals Department
One Monarch Place – Suite 1500
Springfield, MA 01144-1500

Fax: (413) 233-2685
(For complaints and appeals only. If you are faxing about a billing issue, please fax to Member Services at (413) 233-2655)

Telephone: (800) 310-2835 or (413) 787-4004 (TTY: 711)

Electronically: To find out how, please call HNE Member Services at the number at the bottom of this page

You or your authorized representative may submit the grievance. If you submit a grievance by mail, HNE will send a written receipt to you within five business days. If you submit your grievance orally, for example, on the telephone, HNE will put your grievance in writing. HNE will then send a written copy of your oral grievance to you within 48 hours. If your grievance is about a clinical denial, we may ask you to sign a form releasing your medical or treatment information to HNE.

Review Process

HNE will fully investigate the substance of all complaints and appeals. All appeals will be reviewed by a person or persons who were not involved in the initial decision nor subordinate to anyone who was involved.

Requests for Medical Records

In most cases, HNE either already has the medical records relevant to your grievance or HNE can obtain the records without obtaining a signed medical record release from you. In some cases, however, such as when we need records from Out-of-Plan Providers, HNE may ask you to send us a medical record release in order to obtain the records.

If HNE has asked you to agree in writing to the release of your medical records, we will also ask you to agree, in writing, to an extension of up to 30 calendar days after you return the release to issue a decision. You may choose not to sign the release, or HNE may not receive a signed release within the required time limit (refer to the Overview chart above). If so, we may, at our discretion, issue a decision without review of some or all of your medical records.

If HNE does issue a decision without review of all your medical records, HNE may offer you reconsideration. HNE will only offer this if, through no fault of your own, relevant medical information was received too late to review within the required time limit (refer to the Overview chart above) or was not received but is expected to become available within a reasonable time period following the written resolution. If HNE offers you a reconsideration based on these facts, HNE will agree in writing on a new time period for review. In no event will this time period be greater than 30 calendar days from the agreement to reconsider. The time period for requesting external review will begin to run on the date of the resolution of the reconsidered grievance.

Complaints and Benefit Appeals

A person knowledgeable about the subject matter of your complaint or benefit appeal will review it and will issue a decision based on all available information.

Appeals of Clinical Denials

A practitioner who is actively practicing and who was not involved in the initial decision will review your appeal. This practitioner will have clinical expertise in those medical issues that are the subject of the appeal.

If you do not agree with HNE's decision, in many cases, you have a right to an external review. See "External Appeals Process" later in this section.

A Member may file a grievance concerning the termination (end) of ongoing coverage or treatment that HNE previously approved. In those cases, HNE will continue to cover the disputed service or treatment:

- Through the completion of the internal grievance process regardless of the final decision
- Provided that the grievance is filed on a timely basis , and
- Based on the course of treatment

HNE will not continue to cover medical care that was terminated because the coverage benefit is limited to a specific amount of time or limited per episode.

Expedited Review Process: For Urgent, Inpatient, or Immediately Needed Services

HNE will "expedite" the review of an appeal for coverage of services that are immediate or urgently needed. A practitioner who is actively practicing and who was not involved in the initial decision will review your appeal. This practitioner will have clinical expertise in those medical issues that are the subject of the appeal.

If you are an inpatient in a hospital, HNE will make a decision on your grievance before you are discharged from the hospital. In all other cases, HNE will make a decision on your grievance and notify you and your provider within 72 hours of receipt of your request.

For services or durable medical equipment (DME) that, if not immediately provided, could result in serious harm to you, HNE will reverse its decision to deny coverage within 48 hours (or sooner in some cases) pending the outcome of the grievance process. For a reversal to occur within 48 hours, your doctor must certify that:

1. The service or DME at issue in your appeal is Medically Necessary.
2. The denial of coverage would create a substantial risk of harm to you.
3. Such risk of serious harm is so immediate that the provision of such service or DME should not await the outcome of the normal grievance process.

The reversal will last until the appeal is decided. If the physician requests automatic reversal earlier than 48 hours for DME, the physician must further certify as to the specific, immediate, and severe harm that will result to you absent action within the 48 hour time period.

You have the right to file an expedited external review at the same time as you file an expedited appeal request with HNE. You can find more information on expedited external reviews later in this section.

Expedited Review Process: For Members with a Terminal Illness

A person knowledgeable about the subject matter will review a complaint or benefit appeal. A practitioner who is actively practicing and who was not involved in the initial decision will review clinical appeals. This practitioner will have clinical expertise in those medical issues that are the subject of the appeal. HNE will make a decision on your grievance within five business days of receipt. If you are a Member with a terminal illness and you appeal a decision of an immediate or urgently needed service, HNE will make a decision on your grievance and notify you and your provider within the time frames listed above for expedited appeals.

If HNE continues to deny coverage or treatment, you have the right to request a conference. HNE will schedule a conference within 10 days of receipt of your request. If your doctor, after consulting with an HNE Medical Director, decides that the effectiveness of the proposed service or treatment would be materially reduced if it is not provided at the earliest possible date, HNE will schedule the hearing within five business days. You and/or your authorized representative may attend the conference. HNE will authorize its representative at the conference to decide your grievance.

Our Written Response

HNE's written response to your grievance will:

- Include the specific reason for the decision
- Identify the specific information on which the decision was based
- Refer to and include the specific plan provisions on which the decision was based
- Specify alternative treatment options covered by HNE, if any
- Notify you of the process for requesting an external review or, where applicable, an expedited external review

In addition, for clinical appeals, the written response will also:

- Include a substantive clinical reason that is consistent with generally accepted principles of professional medical practice
- Discuss your presenting symptoms or condition, diagnosis and treatment interventions, and the specific reasons such medical evidence fails to meet HNE's medical review criteria
- Reference and include applicable clinical practice guidelines and review criteria

You also have the right to request copies, free of charge, of all documents, records, or other information relevant to your appeal.

External Appeal Process

If HNE has denied your clinical appeal and you do not agree with HNE's decision, you can ask for an external appeal. To do so, you need to file a written request with the Massachusetts Health Policy Commission, Office of Patient Protection (OPP). HNE will provide you with the necessary filing forms when it notifies you of its final decision. You can also obtain the necessary forms by calling OPP or checking its website. The fee for filing an appeal is $25. This fee may be waived by OPP if it determines that the payment of the fee would result in an extreme financial hardship to the Member. Information on contacting OPP is at the end of this section. You must submit the request within four months after you receive HNE's final decision on your appeal. A request for external review can be submitted by you or your authorized representative, and the request must include:

1. The signature of you or your authorized representative consenting to the release of medical information.
2. A copy of the written final Adverse Determination from HNE.

The OPP will screen appeal requests. The OPP decides:

- Whether the request complies with OPP's requirements for external review requests (such as the $25 filing fee)
- Whether the request involves a service or benefit that has been explicitly excluded from coverage
- Whether the request is the result of a final Adverse Determination

Requests that pass the screening are sent to an independent review panel chosen by OPP. If the service or treatment you are requesting is a covered benefit, the appeal panel will decide if it is Medically Necessary. The panel will notify you and HNE of its decision within 60 business days of receipt of the request for review, unless it determines that it needs additional time. The panel may extend the time by an additional 15 business days. The decision of the review panel is final and binding.

Expedited External Review Process

You, or your authorized representative, can ask the panel to decide more quickly by requesting an expedited review. The request for an expedited external review must contain a certification, in writing, from your physician, that a delay in providing the health care services would pose a serious and immediate threat to your health. The OPP will screen the request within 48 hours of receipt. The OPP screening determines whether the request complies with the OPP's requirements for expedited external review requests. If the panel agrees to handle the request as an expedited external review, it will decide the request within 72 hours. The decision of the review panel is final and binding.

If the subject of the external review involves the termination of ongoing services, you may ask the external review panel to continue coverage for the terminated service while the review is pending. Any such request must be made before the end of the second business day following receipt of the final Adverse Determination. The review panel may allow your request if it determines that substantial harm to your health may result without such continuation or for such other good cause as the review panel will determine. Any continuation of coverage will be at HNE's expense regardless of the final external review decision.

Massachusetts Office of Patient Protection

Massachusetts has set up an Office of Patient Protection (OPP) within the Health Policy Commission. This office will accept consumer complaints and will manage the external review process described above. You can get the following information from the OPP:

- A list of sources of independently published information assessing Member satisfaction and evaluating the quality of health care services offered by HNE
- The percentage of doctors who voluntarily and involuntarily ended their participation with HNE during the previous Calendar Year for which such data has been compiled. The OPP can also tell you the three most common reasons for voluntary and involuntary disenrollment.
- The percentage of premium revenue HNE spends for health care services for the most recent year for which data is available
- A report detailing, for the previous Calendar Year:
  (i) The total number of filed grievances
  (ii) Grievances that were approved internally
  (iii) Grievances that were denied internally
  (iv) Grievances that were withdrawn before resolution
  (v) External appeals pursued after exhausting the internal grievance process and the resolution of all such appeals

How to contact the Office of Patient Protection:

Toll-free telephone: (800) 436-7757

Fax: (617) 624-5046

Website: mass.gov/hpc/opp/

Email: HPC-OPP@state.ma.us

Address:

Health Policy Commission
Office of Patient Protection
50 Milk Street, 8th[th] Floor
Boston, MA 02109

SECTION 7 – ELIGIBILITY

WHAT'S IN THIS SECTION?

In this section, we describe the requirements that you must meet to be a Member of HNE under this Plan. This is called "eligibility." There are eligibility requirements for Subscribers. There are also eligibility requirements for Dependents. Dependents are anyone else covered under your plan.

Dependent coverage normally ends at the end of the month in which the dependent turns age 26.

This Plan must be purchased through the Massachusetts Health Connector.

This Plan is only available as an Individual Contract. Small employers and their benefits-eligible employees may not purchase this Plan. This Plan can only be purchased through the Massachusetts Health Connector. There are special eligibility requirements for this Plan as explained below.

HNE or the Health Connector may require proof of eligibility from time to time. If you are eligible for coverage, HNE will not exclude you from coverage on the basis of occupation, actual or expected health condition, claims experience, or medical condition.

Residency Requirement

You must live or work within the HNE Service Area. This rule does not apply to a Dependent child who is enrolled as a full-time student.

Subscribers

To be eligible as a Subscriber:

- You must be a resident of the Commonwealth of Massachusetts
- You must live within the HNE Service Area.
- You must not be enrolled for coverage under Part A or Part B of Title XVIII of the federal Social Security Act, or a state plan under Title XIX or such act or any successor program.

Subscribers must also meet the Massachusetts Health Connector's eligibility rules for this plan. For information on those eligibility rules you can go on-line to mahealthconnector.org, or call (877) 623-6765.

Dependents

To enroll as a Dependent, you must be in one of the following categories:

- The legal (married) Spouse of the Subscriber
- A child of the Subscriber or the Subscriber's Spouse who is under 26 years old
- An adopted child of the Subscriber or the Subscriber's Spouse who is under 26 years old, and as described later in this section
- A child for whom the Subscriber has been named legal guardian as follows:
  - The child must be under 26 years old.
  - The Subscriber must enroll the child as a Dependent within 60 days after being named legal guardian by the court.
  - Children under legal guardianship will normally be covered from the date the Subscriber was named legal guardian by the court.
- A child of an eligible Dependent who is under 26 years old, until the parent is no longer a Dependent

- A disabled Dependent, as described later in this section

Dependents must also meet the Health Connector's eligibility rules for this plan. For information on those eligibility rules you can go on-line to mahealthconnector.org, or call (877) 623-6765.

Adopted Dependents

When can I enroll a child whom I have adopted or am trying to adopt?

HNE will cover a child who has been living in the Subscriber's home and for whom the Subscriber has received foster care payments from the date the Subscriber files a petition to adopt. The Subscriber must enroll the child within 30 days of the date of filing the petition. In all other cases, HNE will cover the child from the date that the child has been placed for adoption in the Subscriber's home by a licensed placement agency. The Subscriber must enroll the child as a Dependent within 30 days of the date of placement.

Student Dependents

What happens if my son or daughter goes to a school that is out of the HNE Service Area? Will HNE still cover him or her?

If your child goes to a school outside the HNE Service Area, HNE covers him or her for care that is received outside the HNE Service Area in an Emergency. HNE will also cover certain other services with Prior Approval. See "Out-of-Area Student Coverage" in Section 2.

Disabled Adult Dependents

Health New England is changing its policy on the coverage of disabled adult dependents. Effective January 1, 2017 we will cover a dependent child of the subscriber or of the subscriber's spouse only until the end of the month in which the child turns age 26. We are making this change because many more options exist today than were previously available to disabled adults. Many disabled adults now qualify for subsidized coverage through the health care exchange, expanded Medicaid coverage and Medicare coverage. As a result, this benefit is less frequently used by HNE members.

Important Note: This change does ***not*** affect current members who are eligible as Disabled Adult Dependents. HNE will continue coverage for these Dependents if:

- The Dependent is totally disabled by a physical or mental condition
- The disability prevents the Dependent from earning his or her own support, and
- The disability is long-term or will go on indefinitely

HNE's Chief Medical Officer (CMO) will decide if a dependent continues to qualify as a Disabled Adult Dependent. This is at the sole discretion of the CMO. HNE will continue the Dependent's coverage until the disability ends. At reasonable intervals, HNE may require proof of disability and dependency. We may require that a doctor of HNE's choice examine the Member.

SECTION 8 – HOW TO ENROLL AND HOW COVERAGE BEGINS

WHAT'S IN THIS SECTION?

This section explains how to sign up for HNE. This is called "enrollment." Once you enroll, HNE determines when your coverage begins. This is called your "Effective Date."

You may enroll during Open Enrollment Periods and in specific circumstances outside the Open Enrollment Periods. There are certain events after which you can enroll a new dependent under your plan. These Events are explained below. You must send the Massachusetts Health Connector your request to enroll the dependent within a specified period after the event.

HNE will not provide any coverage before the set Effective Date.

There are special rules for late enrollments.

Subscriber Enrollment

When can a Subscriber enroll?

A Subscriber can enroll in the Plan during Open Enrollment Periods designated by the Massachusetts Health Connector. For information contact the Health Connector at (877) 623-6765, or visit mahealthconnector.org.

Are there any times when I can enroll outside the above time periods?

Yes. Some people may meet special conditions to enroll in this plan outside of the Open Enrollment Period. For information contact the Health Connector at (877) 623-6765, or visit mahealthconnector.org.

Dependent Enrollment

What happens if I am already enrolled but then acquire a new Dependent or marry?

If you acquire a new Dependent or marry, you may add your new Dependent to the Plan if the Dependent meets the eligibility requirements for this Plan. The Effective Date of coverage for new Dependents will be the date of any one of the following events:

- Marriage
- Birth
- Adoption or placement for adoption
- Legal guardianship
- The Subscriber becoming legally responsible for the Dependent's health coverage.

You must contact the Health Connector to enroll a Dependent. HNE or the Health Connector may require documents that prove the new Dependent is eligible. This information must be submitted within 60 days of the Effective Date. If you do not notify the Health Connector within 60 days of the Effective Date, you may add new Dependents only at the next Open Enrollment period. For more information call the Health Connector at (877) 623-6765.

If I am already enrolled and my Dependent moves into HNE's Service Area, does my Dependent become eligible for coverage?

A dependent who moves into the HNE Service Area and meets the other Dependent eligibility requirements for this Plan is eligible to enroll.

You must contact the Health Connector to enroll a Dependent. The Health Connector must receive the necessary information to enroll the Dependent within 60 days of the date the Dependent moved into the Service Area. Once enrolled, the coverage begins as of the date the Dependent moved into the HNE Service Area. For more information call the Health Connector at (877) 623-6765.

How do I enroll?

To enroll in this plan you must contact the Health Connector at (877) 623-6765, or visit mahealthconnector.org.

For newborn and adopted dependents: If we receive a claim for an un-enrolled dependent and the claim identifies you as the parent or legal guardian, we will contact you. If you intend to enroll the newborn on your HNE plan, we will assist you with the enrollment process.

Transition of Care Begun Before You Joined HNE

What happens if I am new to HNE and I am pregnant, have a procedure or visit already scheduled, or have a chronic condition?

Please contact our Health Services Department. A nurse clinical liaison will talk with you about the transition of your care.

This is especially important if you are seeing a provider who is not an In-Plan Provider. You should also read the information in Section 13 of this EOC.

SECTION 9 – TERMINATION

> **WHAT'S IN THIS SECTION?**
>
> In this section, we describe how and when your coverage may end. You may end your coverage at any time. HNE may end your coverage for certain specified reasons.

How This Agreement May End

Termination of Participation

HNE may cancel your coverage or refuse to renew your coverage only as follows:

- If you no longer meet the Massachusetts Health Connector's eligibility requirements for this Plan.
- If you fail to make payments required under the contract. These include, but are not limited to, premiums, Copays, and Coinsurance.
- If you commit misrepresentation or fraud. The effective date of termination may, at HNE's option, be any day after the date of the misrepresentation or fraud.
- If you commit an act of physical or verbal abuse that poses a threat to providers, other HNE Members, or HNE's employees or agents. This rule does not apply to acts related to your physical or mental condition. The effective date of termination may, at HNE's option, be any day after the date of the abuse.
- If you relocate outside the HNE Service Area. If you move out of the HNE Service Area, or are away from the HNE Services Area for more than 90 consecutive days, HNE may end your membership.
- If HNE cancels your Plan Option or does not renew your contract as of a date approved by the Commissioner of Insurance. This termination may be put in effect with no prior notice to you.
- As allowed by state or federal law

Coverage for your spouse and dependents stops when your coverage stops and for other reasons specified in the EOC (e.g., divorce, dependent's attaining age limit, and other reasons).

What Rights Do I Have When HNE Ends My Coverage?

HNE will provide for continuation of benefits to the full extent required by law.

SECTION 10– MEMBER RIGHTS AND RESPONSIBILITIES

WHAT'S IN THIS SECTION?

We describe your rights as an HNE Member. We also describe your responsibilities as an HNE Member.

Member Rights

As a Member of HNE, you have certain *rights*. These are to:

a) Receive information on HNE, its services, plan providers, policies, procedures, and your rights and responsibilities. HNE will not release information that by law may not be given to Members or any third party. We will not disclose privileged information about plan providers.

b) Be treated with respect and recognition of your dignity and right to privacy.

c) Participate in health care decisions with your doctor or other health care provider.

d) Expect that your doctor or other health care provider will fully and openly discuss appropriate, Medically Necessary treatment options, regardless of the cost or benefit coverage. It does not mean that HNE covers all treatment options. If you are unsure about coverage, please contact Member Services at (413) 787-4004 or (800) 842-4464.

e) Contact us with a grievance or complaint about HNE or a plan provider. See the "Inquiries and Grievances" section of this EOC for instructions.

f) Refuse a treatment, drug, or other procedure recommended by your doctor or other health care provider as the law allows. Providers should tell you about any potential medical effects of refusing treatment.

g) Select a Primary Care Provider (PCP) who is accepting new patients.

h) Change your PCP. You may choose any In-Plan PCP, except those who have notified HNE that they are not accepting new patients.

i) Have access, during business hours, to Member Services Representatives who can answer your questions and help solve problems.

j) Expect that your medical records and information on your relationship with your doctor will remain confidential, in accordance with state and federal law and HNE policies.

k) Make recommendations regarding HNE's Member rights and responsibilities policies.

Member Responsibilities

As a Member of HNE, you have certain *responsibilities*. These are to:

l) Provide, as much as possible, the information your providers need to care for you. This includes your present and past medical conditions, as you understand them, before and during any course of treatment.

m) Follow the treatment plans and instructions for care that you have agreed on with your provider.

n) Read HNE materials to become familiar with your benefits and services. If you have any questions, you should call Member Services at (413) 787-4004 or (800) 842-4464.

o) Follow all HNE policies and procedures.

p) Treat providers and HNE staff with the respect and courtesy that you would expect for yourself.

q) Arrive on time for appointments or give proper notice if you must cancel or will be late.

r) Understand your health problems, an important factor in your treatment. If you do not understand your illness or treatment, talk it over with your doctor.

s) Participate in decision-making on your health care.

t) Inform HNE of any other insurance coverage you may have. This helps us process claims and work with other payers.

u) Notify us of status changes (such as a new address) that could affect your eligibility for coverage.

v) Help HNE and plan providers get prior medical records as needed. You agree that HNE may obtain and use any of your medical records and other information needed to administer the plan.

w) Consider the potential effects if you do not follow your provider's advice. When a service recommended by an In-Plan Doctor is covered, you may choose to decline it for personal reasons. For example, you may prefer to get care from Out-of-Plan Providers rather than plan providers. In these cases, HNE may not cover substitute or alternate care that you prefer.

SECTION 11 – COORDINATION OF BENEFITS AND SUBROGATION

WHAT'S IN THIS SECTION?

In this section, we describe what HNE does when another insurer or someone else should be paying for Covered Services. You or any of your dependents may have another type of insurance in addition to HNE. HNE will work with the other insurance company to decide who should pay for the claim. This is called "coordination of benefits." We also do this if you or one of your dependents has Medicare coverage.

We also describe what happens if you are injured or ill and someone else should be paying for your treatment. For example, this applies to automobile accidents. HNE may pay for your care and then seek reimbursement from the other party who is responsible. This is called "subrogation."

You must cooperate with us and give us the information that we need to coordinate benefits or subrogate a claim.

At times, HNE provides coverage for benefits and services under this EOC when it is the duty of another plan to pay. If this happens, HNE has the right to recover from a Member's other insurance the value of the services that were provided or arranged by HNE's providers. Also, whenever payments which should have been made by HNE in accordance with this section have been made by any other plan, HNE will have the right, at its discretion, to pay that plan any amount it determines to be warranted. The amounts paid will be considered as benefits that HNE paid. HNE will be fully released from liability under this EOC to the extent of such payments.

For the purposes of this section, HNE may give or obtain any information on a Member that it deems necessary. Any Member claiming benefits under this EOC must provide HNE with the information that it needs to carry out this section.

Benefits under this EOC will be coordinated to the extent permitted by law with other plans that cover health benefits. This includes all health benefit plans, government benefits (including Medicare), motor vehicle insurance, medical payment policies, and homeowner insurance.

HNE's rights under this section will remain even after this EOC ends, but only as to services provided while the EOC was in effect.

Coordination of Benefits

What happens if I have other group health insurance?

When anyone has coverage with HNE and with another group health plan, it is known as "double coverage." You must tell us if you or a family member has double coverage. You must also send us documents on your other insurance if we ask for them. When you have double coverage, one plan is the primary payer. It pays benefits first. The other plan is secondary. It pays benefits next. This process is known as "coordination of benefits." If we are the secondary payer, we may be entitled to receive payment from your primary plan. HNE decides which insurance is primary based on rules used throughout the insurance industry, or as required by law. A copy of these rules is available upon request. ***Please show all your health insurance cards to doctors, hospitals, pharmacies, and other health care providers at the time of your visit.*** This will help with correct billing and payment for the services you receive.

We will always provide you with the benefits described in this EOC. However, HNE will only provide coverage under HNE policies and rules. For example, if you see an Out-Of-Plan Provider without HNE's approval, HNE will not cover the services you receive, even if your other plan covers them.

Medicare Secondary Payer Mandatory Reporting Law

HNE is required to provide the Centers for Medicare and Medicaid Services (CMS) with information about your group health plan and its covered members. CMS is requiring this information to coordinate Medicare benefits and payments. To comply with the CMS requirements, you must provide Social Security numbers (SSNs) for yourself and your covered dependents upon request.

What happens if I or one of my Dependents is enrolled in Medicare?

You must tell us if you or a family member is enrolled in Medicare Part A or B. Medicare rules determine whether HNE or Medicare pays first for care. HNE follows these Medicare "order of payment" rules.

What happens if I have benefits under a "medical payment" benefit?

In some cases, Members who are injured have benefits under the "medical payment" clause of an insurance policy, such as a homeowner or auto insurance policy. If so, that "med pay" coverage will be primary to coverage under this EOC. If so, HNE will work with the other carrier. If the other carrier allows you to be repaid directly for medical expenses, you agree to allow the payment to be made to HNE.

What happens if I am injured at work? Will HNE pay for the services that I receive?

In some cases, HNE has information showing that that a Member's care is covered under Workers' Compensation, or similar programs, or by a government agency. If so, HNE may suspend payment for such services until we find if payment will be made by such program or agency. If HNE provides or pays for services covered under such programs or agencies, HNE will be entitled to recover its expenses from the provider or the party obligated to pay.

Subrogation

As an HNE Member, you agree to give HNE a right of subrogation and a right of reimbursement. These terms are explained in this section.

Who pays my medical bills if another party is responsible for my injuries or illness?

Sometimes, HNE may pay medical bills for which another person (or his or her insurer) is legally responsible. HNE then has the right to make a claim against the liable person to recover the benefits HNE provided. This is known as "subrogation." For example, if you are in an accident and another party is liable for your injuries, HNE will file a lien to recover the amount paid or owed to the provider by HNE for any benefits provided to you under this EOC. This amount may differ from the provider's fee-for-service charges. HNE has a right to recover even if you do not receive full settlement. HNE's recovery is limited, however, to the amount you received by suit or settlement.

HNE also has the right to sue in your name at is expense. If a suit brought by HNE results in an award greater than the provider's charges, HNE then has the right to recover costs of the suit and attorney's fees out of the excess.

What if I have already received payment for my injuries?

If you receive payment from another party for injuries caused by the acts or omissions of a third party, HNE has a right of reimbursement. The right of reimbursement arises only after you receive payment. HNE then has the right to ask that you pay HNE for the benefits and services you received.

If you are paid by a third party, HNE will ask you to pay for the provider's charges for the benefits and services you received. HNE's right to reimbursement will apply even if you did not receive full settlement for your injuries. HNE will not ask for more than you received by suit or settlement.

What are my responsibilities as a Member when HNE decides to subrogate?

As a Member, it is your duty to cooperate with HNE and provide HNE with any documents and information needed to help HNE receive its repayment. You must not do anything to hinder or prevent HNE from seeking this recovery. If you have a lawyer, you must ask him or her to cooperate as well. If you fail to cooperate or provide requested assistance, you may be liable for any expenses incurred by HNE in enforcing its rights under this EOC. These expenses include reasonable attorney fees.

SECTION 12 – OTHER PLAN ADMINSTRATION PROVISIONS

WHAT'S IN THIS SECTION?

This section describes some other contractual provisions of the Plan that we have not explained already in this EOC. We describe how we will tell you of any changes to your coverage. We explain the relationship between HNE, you, and our contracted providers. We describe how we pay contracted providers. We tell you how to contact us. We outline certain situations when the Plan may cease to operate.

Amendments

This EOC is effective as of the date on the bottom of this page. If HNE changes any benefits after this date, HNE will notify Subscribers at least 60 days before the effective date of the change. In addition, we will send notice of the amendment to each affected Subscriber. If you would like to know if HNE has made any changes to this EOC, please call HNE Member Services. HNE will send each Subscriber a new EOC at least once every five years.

HNE may amend this EOC at any time if the changes:

1. Are not in violation of any law, and
2. Comply with applicable rules and regulations of the Massachusetts Commissioner of Insurance

In addition, we will amend this EOC if required by law, regulation, or rule. These changes will apply to all Agreements of this type, not just to this EOC. These changes will be effective whether or not an individual Member in fact receives notice of the amendment.

Members and Other Third Parties

This EOC will not create any rights in a Member or any other person as a third party beneficiary, except as specifically provided in this EOC.

Health New England Providers

The relationship between HNE and its In-Plan Providers is a direct or indirect independent contractor relationship. Neither HNE nor any Provider has control of the way the other party performs its work or renders its services. No act or omission of any party (including its employees, agents, or servants) means that such party is an employee, agent, servant, representative or joint venturer with any other party.

Payment of Providers

HNE pays In-Plan Providers in a number of ways. For example, we may pay a set fee for each service, each day (of a hospital stay), or each case. We also may pay a set amount each month for each Member who is signed up with a provider or group of providers. This payment is made regardless of whether the Member is actually treated. This method of payment is known as "capitation." In many cases, HNE assigns providers to a grouping or "pool" of providers. In these cases, HNE puts a part of each payment to the provider into his or her pool until the end of the year. If the pool meets set goals or targets, HNE will pay some or the entire amount that has been put aside, or the full amount plus a bonus. HNE does not base payments or bonuses on denials or coverage of services.

Member and Providers

The relationship of a Member to a provider is based solely on the relationship between the provider and the Member. Each provider is solely responsible for all health care services furnished to a Member.

Agreement Binding on Members

When you enroll, or receive benefits or coverage under the Plan, you agree to all terms and conditions of this EOC. Subscribers will be responsible for the compliance of their Dependents with this EOC. Minor Dependents of Subscribers will be bound by the actions of the Subscriber.

Waiver

No waiver occurs if HNE fails to enforce any provision of this EOC. HNE may enforce the provision at a future date. Similarly, no waiver occurs if HNE fails to enforce any remedy that arises from a default under the terms of this EOC.

Severability

If any part of this EOC is declared not enforceable or not valid, the remaining sections of this EOC will remain in full force and effect.

Entire Agreement

This EOC and any written appendices, amendments, or modifications, make up the entire Agreement between the parties. Any prior agreements, promises, negotiations, or representations that relate to the subject matter of this Agreement are of no force or effect.

Governing Law

This Agreement will be governed and construed according to the laws of the Commonwealth of Massachusetts.

Notice

Any notice under this EOC may be given by United States mail, postage prepaid, addressed as follows:

To HNE: President and Chief Executive Officer
Health New England, Inc.
One Monarch Place – Suite 1500
Springfield, MA 01144-1500

To a Subscriber/Member: To the latest address on file with HNE

Circumstances Beyond HNE's Control

HNE will try to arrange for services in the case of major disasters. However, HNE will not be liable for any failure to arrange, or for delay in arranging, services or supplies in the event of any of the following:

- Natural disaster
- Acts of terrorism
- Civil insurrection
- Epidemic
- War
- Riot
- Strikes
- Any other emergency or event caused by an act of God or person which is beyond the control of HNE

SECTION 13 – CONTINUED TREATMENT (TRANSITIONAL CARE)

WHAT'S IN THIS SECTION?

In this section, we describe when we would cover services from an Out-of-Plan Provider who has been treating you. This is called "continued treatment" or "transitional care." We may cover these services if you are an HNE Member and the In-Plan Provider treating you leaves HNE. We may cover these services if you are a new HNE Member and you were receiving treatment from an Out-of-Plan Provider before you enrolled.

This coverage is limited to a certain time period, described below.

The Out-of-Plan Provider must agree to certain requirements for HNE to cover continued treatment.

Provider Disenrollment and Continuation of Coverage Requirements

There are times when HNE will allow you to continue to receive coverage for care after your doctor leaves HNE's network. This happens:

- **If your Primary Care Provider (PCP) leaves HNE.** HNE will notify you at least 30 days before the disenrollment of your PCP. HNE will permit you to continue to see your PCP for a period of 30 days after your PCP leaves HNE. HNE will also allow a Member who is in active treatment for a chronic or acute condition to continue to see his or her PCP:
    - Through the current period of active treatment, or
    - Up to 90 days after the PCP leaves HNE, whichever is shorter

  You will not be allowed to continue to see your PCP if your PCP leaves HNE for reasons related to quality or for fraud. If your PCP leaves HNE, HNE will send you a letter to notify you and to advise you to call HNE to select a new PCP.

- **If your specialist leaves HNE.** HNE will notify you at least 30 days before the disenrollment. HNE will help you to select a new specialist if you would like. HNE will let a Member who is in active treatment for a chronic or acute condition to continue to see the specialist:
    - Through the current period of active treatment, or
    - Up to 90 days after the specialist leaves HNE, whichever is shorter

  You will not be allowed to continue to see this provider if he or she is disenrolled for reasons relating to quality or for fraud.

- **If a provider who is treating pregnant Members is involuntarily disenrolled.** If this occurs and you are in your second or third trimester of pregnancy, HNE will permit you to continue treatment with your provider through the postpartum period. You will not be allowed to continue to see this provider if he or she is disenrolled for reasons related to quality or for fraud.

- **If a provider who is treating terminally ill Members is involuntarily disenrolled.** If this occurs and you are terminally ill, HNE will permit you to continue treatment with your provider until your death. You will not be allowed to continue to see this provider if he or she is disenrolled for reasons related to quality or for fraud.

Transitional Coverage for New Members

HNE will provide coverage for a new Member to continue to see an Out-of-Plan Provider for up to 30 days from the Effective Date of coverage if:

- The Member only has a choice of carriers through the Health Connector in which the doctor is not a participating provider, and
- The doctor is providing the Member with an ongoing course of treatment or is the Member's PCP.

With respect to an insured who is in her second or third trimester of pregnancy, this provision will apply to all services rendered through the postpartum period. With respect to an insured with a terminal illness, this provision will apply to services rendered until death.

Requirement for Transitional Coverage

In all of the above circumstances, HNE will only permit a Member to continue coverage if their provider agrees:

- To accept payment from HNE:
  - At the rates applicable to participating providers, or
  - At the rates considered payment in full before the provider left HNE
- Not to require the Member to pay any cost sharing over:
  - The amount that could have been required if the provider participated with HNE, or
  - The amount the Member would owe if the provider had not left HNE
- To adhere to HNE's quality assurance standards
- To provide HNE with needed medical information about the care provided
- To adhere to HNE's policies and procedures. This includes procedures for:
  - Obtaining Prior Approval
  - Providing services according to a treatment plan, if any, approved by HNE

Nothing in this section means that HNE must cover benefits that would not have been covered if the provider involved had stayed an In-Plan Provider.

SECTION 14 – DEFINITIONS

Adverse Determination

- A rescission is a retroactive cancellation of coverage. The Plan will not rescind coverage unless there is fraud or an intentional misrepresentation of material fact. Rescission does not include termination for non-payment of premiums.
- A decision, based on review of information provided, to deny, reduce, change, or end coverage of a health service for failure to meet the requirements for coverage based on:
  - Medical necessity
  - Appropriateness of health care setting and level of care, or
  - Effectiveness
  - A determination that a requested or recommended health care service or treatment is experimental or investigational

Affordable Care Act (ACA)
Federal law that reforms the health care system in the United States.

Agreement
This EOC, any amendments and riders, and any written modifications.

Allowed Amount
Maximum amount on which payment is based for Covered Services.

Alternative Medicine
Approaches to health care that are generally not accepted by the medical community. Alternative Medicine is practiced outside of and/or in place of conventional medicine. Examples include, but are not limited to, treatment systems such as:

- Special diets
- Homeopathic remedies
- Electromagnetic fields
- Therapeutic touch
- Chiropractic services (except certain specific Covered Services, if any, listed elsewhere in the EOC or riders to this EOC)
- Herbal medicine
- Acupuncture services (except certain specific Covered Services, if any, listed elsewhere in the EOC or riders to this EOC)
- Homeopathy
- Naturopathy
- Hypnosis
- Spiritual devotions of culturally based healing traditions such as Chinese, Ayurvedic, and Christian Science
- Holistic medicine

Alternative Medicine is also called “complementary medicine.”

Autism Definitions

Applied Behavior Analysis: the design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement and functional analysis of the relationship between environment and behavior.

Autism Services Provider: a person, entity or group that provides treatment of autism spectrum disorders.

Autism Spectrum Disorders: any of the pervasive developmental disorders as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, including autistic disorder, Asperger's disorder and pervasive developmental disorders not otherwise specified.

Board Certified Behavior Analyst: a behavior analyst credentialed by the behavior analyst certification board as a board certified behavior analyst.

Diagnosis of Autism Spectrum Disorders: medically necessary assessments, evaluations including neuropsychological evaluations, genetic testing or other tests to diagnose whether an individual has one of the autism spectrum disorders.

Treatment of Autism Spectrum Disorders: includes the following care prescribed, provided or ordered for an individual diagnosed with one of the autism spectrum disorders by a licensed physician or a licensed psychologist who determines the care to be medically necessary: habilitative or rehabilitative care; pharmacy care; psychiatric care; psychological care; and therapeutic care.

Calendar Year
The 12 month period beginning January 1 and ending December 31.

Coinsurance
Your share of the cost of a Covered Service, calculated as a percent (for example 20%) of the Allowed Amount for the service.

Copay
The amount you must pay when receiving Covered Services.

Cost Sharing
The amount a Member pays for Covered Services. This can include Deductibles, Copays, and Coinsurance.

Covered Services
Medically Necessary services and benefits to which you are entitled.

Custodial Care
Services to assist in the activities of daily living, such as:

- Assistance in:
  - Walking
  - Getting in and out of bed
  - Bathing
  - Dressing
  - Feeding
  - Using the toilet
- Preparation of special diets
- Supervision of medication that usually can be self-administered

This includes personal care that does not require the continuing attention of trained medical or paramedical personnel. To decide whether care is Custodial Care, HNE considers the level of care and medical supervision required and furnished. The decision is not based on diagnosis, type of condition, degree of functional limitation, or rehabilitation potential.

Dependent
Any person:

- Who meets the Dependent requirements of Section 7 of this EOC
- Who is enrolled in HNE as a Dependent
- For whom HNE has received the premium specified by HNE

Effective Date
The date on which coverage begins under this EOC.

Emergency Medical Condition
A medical condition, whether physical, behavioral, related to substance use disorder, or mental, manifesting itself by symptoms of sufficient severity, including severe pain, that the absence of prompt medical attention could reasonably be expected by a prudent layperson who possesses an average knowledge of health and medicine, to result in placing the health of the insured or another person in serious jeopardy, serious impairment to body function, or serious dysfunction of any body organ or part, or, with respect to a pregnant woman, as further defined in section 1867(e)(1)(B) of the Social Security Act, 42 U.S.C. section 1395dd(e)(1)(B).

Essential Health Benefits (EHB)
The categories of benefits that all health plans in the individual and small group markets must provide. Under the Affordable Care Act (ACA), those categories are:

- Ambulatory patient services
- Emergency services
- Hospitalization
- Maternity and newborn care
- Mental health and substance use disorder services
- Prescription drugs
- Rehabilitative and habilitative services and devices
- Laboratory services
- Preventive and wellness services and chronic disease management
- Pediatric services, including oral and vision care

All benefits that were mandated by the state of Massachusetts prior to January 1, 2012 are also included in EHB. The ACA provides that there can be no annual dollar limits on EHBs.

Experimental
Services considered to be unsafe, experimental, or investigational. Applies to any:

- Medical procedure
- Equipment
- Treatment or course of treatment
- Implant
- Drugs or medicines

This is determined by sources including:

- Formal or informal studies
- Opinions and references to or by:
  - American Medical Association
  - Food and Drug Administration
  - Department of Health and Human Services
  - National Institutes of Health

- Council of Medical Specialty Societies
- Experts in the field
- Any other association or federal program or agency that has the authority to approve medical testing or treatment

Formulary
A list of drugs offered to Members.

Health Care Services
Services for the diagnosis, prevention, treatment, cure or relief of a physical, behavioral, substance use disorder or mental health condition, illness, injury or disease.

HNE Service Area
The area in which HNE is authorized to operate as a managed care plan.

Hospital Services
Services that are provided by acute general care hospitals.

Identification Card (ID Card)
The card that HNE issues to Members when they enroll.

Individual Contract
An agreement between HNE and a Subscriber that provides health care coverage. HNE agrees to provide this coverage for the Subscriber and enrolled Dependents according to the Explanation of Coverage and any amendments and riders. For this coverage, the Subscriber agrees to pay premiums.

In-Plan Doctor
A licensed doctor or oral surgeon who has agreed to provide Covered Services to HNE Members.

In-Plan Hospital
A licensed acute care general hospital that provides Hospital Services. In-Plan Hospitals have agreed to provide Covered Services to HNE Members.

In-Plan Provider
Any hospital, doctor, health care facility, agency, organization, pharmacy, or person that is properly licensed to furnish health care services. In-Plan Providers have agreed to provide Covered Services to HNE Members.

Medically Necessary
Those Covered Services and supplies that are consistent with generally accepted principles of professional and medical practice as determined by whether the service is:

- The most appropriate available supply or level of service for the Member in question, considering potential benefits and risks to the individual.
- Known to be effective, based on scientific evidence, professional standards and expert opinion, in improving health outcomes.
- Based on scientific evidence if the services and interventions are not in widespread use.

Member
Any person enrolled in HNE who has a right to services under this EOC.

Non-Formulary
Any brand name drug not listed in the Formulary.

Non-Routine
Health care for the treatment of illness or injury. Care that is not for the prevention of or screening for health problems.

Nurse Practitioner
A registered nurse who holds authorization in advanced nursing practice as a nurse practice under M.G.L. c. 112, §80B.

Open Enrollment Period
The period each year when eligible persons may enroll in HNE or change options.

Out-of-Plan Provider
Any licensed provider who is not an In-Plan Provider.

Out-of-Pocket Maximum
This amount is the most you pay for Cost Sharing on Essential Health Benefits during a policy period. A policy period is usually a year. Once you reach this amount your plan pays 100% of the Allowed Amount. Not all payments made by Members are counted towards the Out-of-Pocket Maximum. The Out-of-Pocket Maximum does not include, for example:

- Any part of the premium paid for the policy.
- Any payment you make for non-covered services
- Payments made for benefits which are not Essential Health Benefits

Primary Care Provider (PCP)
The In-Plan doctor, participating nurse practitioner, or participating physician assistant you choose to provide or arrange for all of your care. We describe how to choose and when to seek services in Section 2 of this EOC.

Prior Approval
The process by which HNE reviews and approves coverage for certain services before the services are performed.

Routine
Health care for the prevention of or screening for health problems.

Spouse
A person who is legally married to the Subscriber, as defined and interpreted based on federal law and applicable state law.

Subscriber
An enrolled person who meets the eligibility requirements and for whom HNE has received the premium specified by HNE.

Connector Care 3

HMO Benefit Chart

This chart provides a summary of key services offered by your plan. Consult your Member Agreement for a full description of your plan's benefits and provisions.

Note about **Prior Approval:**
Some services may require Prior Approval. These services are marked with † in the chart**.** If you do not obtain Prior Approval, benefits may be denied.

	In-Plan
Deductible per Year: You must pay this amount for Covered Services before Health New England will begin to pay benefits. As indicated in the chart below, some services are not subject to the Deductible.	$0 This plan does not have a Deductible
Medical Out-of-Pocket Maximum: The most you pay for cost sharing on Essential Health Benefits during a policy period (usually a year) before your plans begins to pay 100% of the allowed amount. This Out-of-Pocket Maximum does not include your cost sharing for pharmacy benefits or pediatric dental services.	$1,500 per individual / $3,000 per family
Pharmacy Out-of-Pocket Maximum: The most you pay for cost sharing for pharmacy benefits during a policy period (usually a year) before your plan begins to pay 100% of the allowed amount.	$750 per individual / $1,500 per family

Benefit	Your Cost
Inpatient Care	
Acute Hospital Care	$250 Copay per admission
Skilled Nursing Facility † (limited to 100 days per Calendar Year)	$0
Inpatient Rehabilitation † (limited to 60 days per Calendar Year)	$250 Copay per admission
Outpatient Preventive Care	
Adult Routine Exams	$0
Well Child Care	$0
Child and Adult Routine Immunizations	$0
Routine Prenatal & Postpartum Care	$0

Benefit	Your Cost
Routine Eye Exams (limited to one per Calendar Year) Please note: for children under age 19, routine eye exams must be done by an EyeMed Provider.	$0
Annual Gynecological Exams (limited to one per Calendar Year)	$0
Routine Mammograms (routine mammograms limited to one per Calendar Year)	$0
Screening Colonoscopy or Sigmoidoscopy (limited to one every five Calendar Years)	$0
Nutritional Counseling (maximum of 4 visits per Calendar Year)	$0
Preventive Screenings Listed under "Outpatient Preventive Care" in the Covered Benefits Section of the EOC	$0
Other Outpatient Care	
PCP Office Visit (Non-Routine)	$15 Copay per visit
Specialist Office Visits	$22 Copay per visit
Second Opinions	$22 Copay per visit
Telephone and video consultations with internists, family practitioners, and pediatricians for non-emergency medical conditions through Teladoc®	$15 Copay per consultation
Hearing Tests in Specialist Office or Outpatient Facility (other than routine screenings covered as part of your Annual Routine Exam)	$22 Copay per visit
Diabetic-Related Items:	
Outpatient Services	$22 Copay per visit
Lab Services	$0
Durable Medical Equipment (some DME requires Prior Approval)	$0
Individual Diabetic Education	$22 Copay per visit
Group Diabetic Education	$15 Copay per session
Emergency Room Care (Copay waived if admitted)	$100 Copay per visit
Diagnostic Testing	$0
Sleep Study (maximum of two per Calendar Year) †	$60 Copay (one Copay per year; no Copay for home sleep studies)
Lab Services	$0
Radiological Services: Ultrasound, X-rays, Non-Routine Mammograms	$0
Diagnostic Imaging: CT Scans, MRIs, MRAs, PET Scans, Nuclear Cardiac Imaging †	$60 Copay (maximum three Copays per year)

Benefit	Your Cost
Outpatient Short-Term Rehabilitation Services (Limited to two months or 25 visits, whichever is greater, per condition per Calendar Year for physical or occupational therapy The limit does not apply when services are provided to treat autism spectrum disorder)	$20 Copay per visit per treatment type
Day Rehabilitation Program (limited to 15 full day or ½ day sessions per condition per lifetime)	$22 Copay for 1 day for ½ day
Early Intervention Services (Covered for children from birth to age 3)	$0
Applied Behavioral Analysis (ABA) to treat Autism Spectrum Disorder †	$0
Outpatient Surgical Services and Procedures (Some services require Prior Approval. This Copay is based on the type of service, not where it is performed. To find out if this Copays applies to a specific procedure, please contact Health New England Member Services.)	$125 Copay
Allergy Testing and Treatment	$22 Copay per visit
Allergy Injections	$0
Infertility Services	
Some Infertility services are covered only for Massachusetts and Connecticut residents. Some services require Prior Approval.	
Office Visit	$22 Copay per visit
Outpatient Surgery/ Procedure	$125 Copay
Lab Test	$0
Inpatient Care †	$250 Copay per admission
Maternity Care	
Non-Routine Prenatal and Postpartum Visit	$22 Copay per visit
Delivery/Hospital Care for Mother and Child (Coverage for child limited to routine newborn nursery charges. For continued coverage, child must be enrolled within 31 days of date of birth.)	$250 Copay per admission
Dental Services	
Surgical Treatment of Non-Dental Conditions in a Doctor's Office	$125 Copay
Emergency Dental Care in a Doctor's or Dentist's Office	$22 Copay per visit
Emergency Dental Care in an Emergency Room	$100 Copay per visit
Other Services	
Home Health Care †	$0
Hospice Services †	$0
Durable Medical Equipment (some items require Prior Approval)	$0

Benefit	Your Cost
Prosthetic Limbs †	$0
Ambulance and Transportation Services (non-emergency transportation requires Prior Approval)	$50 Copay per day
Kidney Dialysis	$0
Nutritional Support †	$0
Cardiac Rehabilitation	$22 Copay per visit
Wigs (Scalp Hair Prostheses) for hair loss due to treatment of any form of cancer or leukemia (Health New England covers 1 prosthesis per Calendar Year.)	$0
Speech, Hearing, and Language Disorders † (Prior Approval is required for speech therapy services after the initial evaluation)	$20 Copay per visit
Hearing Aids† (Covered with Prior Approval for Members age 21 and under. Health New England covers the cost of one hearing aid per hearing impaired ear, every 36 months, up to a maximum of $2,000 for each hearing aid)	$0 up to $2,000 per device per ear (you are responsible for all costs beyond maximum)
Human Organ Transplants and Bone Marrow Transplants †	$250 Copay per admission
Wellness Services	
Acupuncture & Massage Therapy (Limited to a **total** of three visits per benefit period **per family**. For example, you may have three visits for acupuncture **or** three visits for massage **or** one visit for acupuncture and two visits for massage **or** two visits for acupuncture and one visit for massage.)	$0 up to 3 visits per family
Behavioral Health (Includes Mental Health and Substance Abuse)	
Outpatient Services †	$15 Copay per visit
Inpatient Services †	$250 Copay per admission
Chiropractic Services	
Visits to an In-Plan chiropractor (for medically necessary chiropractic services)	$20 Copay per visit
Prescription Drugs	
At an In-Plan Pharmacy (up to a 30 day supply)	
Generic Drugs	$12.50 Copay
Formulary Drugs	$25.00 Copay
Non-Formulary Drugs	$50.00 Copay
Through Mail Order: (up to a 90day supply of maintenance medication)	
Generic Drugs	$25.00 Copay
Formulary Drugs	$50.00 Copay
Non-Formulary Drugs	$100.00 Copay

APPENDIX B. Disclosures Required by Law

Quality Management Program

The HNE Quality Management Program is developed annually to address the quality and safety of clinical care and the quality of services provided to the Plan's Members. The written program description defines our quality management program structure, objectives, processes, and resources used to identify, review, measure, monitor, and evaluate the activities implemented by HNE to meet the goals of the program.

HNE also develops a Quality Management Work Plan annually. This is the listing of activities that are implemented to meet our program goals. Projects focusing on patient safety, behavioral health issues, utilization of services, Member and Provider communications, confidentiality, disease management, prevention, and continuity of care for Members have been implemented. The time frame for completion of each project is very different. Some are very simple, can be completed in a matter of months. Others are ongoing, and will be followed by HNE throughout the year.

The Plan's Board of Directors has made the Quality Management Committee responsible for the performance of the Plan. The HNE Quality Management Committee meets about three times a year to review and monitor the progress of the activities listed in the Work Plan. Participation by individual HNE network providers is also essential to the functioning of the Quality Management Program.

If you would like any information regarding the HNE Quality Management Program Description or Work Plan, please contact the Director of Quality Operations at (413) 233-3435. HNE will provide this information on request.

Summary Description of Process for Developing Clinical Guidelines and Utilization Review Criteria

HNE has a written program for how health care services and delivery are reviewed. The program is made up of activities in the areas of utilization, case, and disease management. Its purpose is to help Members to receive the appropriate care. HNE may conduct reviews before or during the delivery of services. HNE uses nationally recognized guidelines and resources for these reviews. HNE also uses criteria that it develops with the input of local practicing physicians. Physicians outside the HNE staff may be consulted to help make a decision of medical appropriateness. Only HNE Medical Directors can make a decision to deny coverage for reasons of medical necessity. At times, HNE may delegate certain utilization management functions to other entities. When this occurs, HNE requires the entity to use program procedures and criteria approved by HNE. HNE annually reviews its utilization review program.

Summary Description of HNE's Procedures in Making Decisions about the Experimental or Investigational Nature of Individual Drugs, Medical Devices, or Treatments in Clinical Trials

HNE has several programs to address this area. In general, the decision process is as follows:

- HNE uses Hayes, Inc. to research new and emerging medical technologies. Hayes also researches new uses of existing technologies. The research is structured and evidence-based. Analyses of market, regulatory, legal, ethical, and actuarial issues are part of the study. Hayes then makes coverage recommendations to HNE.

- To evaluate drugs, HNE uses a pharmacy benefits manager. For information about HNE's pharmacy benefits manager, contact HNE Member Services. The pharmacy benefits manager uses a committee of physicians and pharmacists to review new FDA-approved drugs that have been available in the United States for at least six months. Some of the criteria used to evaluate drugs are:
  - Safety
  - The potential effects of treatment under optimal circumstances

- The actual effects of treatment under real life conditions
- Potential health outcomes and resulting total cost of drugs and medical care, and potential savings available
- Any restrictions needed to assure safe, effective, or proper use of the drug, patient outcome, or cost effectiveness

- The recommendations by Hayes and HNE's pharmacy benefits manager are then screened by an internal HNE committee. If more medical input is needed, an In-Plan physician will be consulted. He or she will provide a written opinion to HNE.

- The findings are then reported to another HNE committee, which includes In-Plan physicians, for discussion at its next meeting. This allows for local practicing physician input.

- Recommendations will then go to the HNE Medical Policy Committee for final decision. The committee makes a decision based on its review of the recommendations and other HNE specific data, such as:
  - Prevalence of disease(s) associated with proposed technologies
  - Benefits to HNE Members
  - Cost
  - Use of current technologies and projected use of new technology

HNE does not cover any Experimental or investigational device or treatment unless it has been reviewed and approved by HNE's Medical Technology Assessment Committee.

Notice of Termination for Nonpayment of Premiums

HNE will not deny a Member's claim for covered health care services on the grounds that, prior to the date covered health care services were received, the Subscriber's plan has been terminated for nonpayment of premiums, unless the carrier has sent written notice of the termination to the Subscriber prior to the date the covered health care services were received.

Premium Rates and Payment Arrangements (Prepaid Fees)

With HNE, you pay a prepaid monthly fee for HNE benefits. The fee is known as a "premium." It is due on or before the first day of the billing period to which it applies. You must pay the premium due. The rates charged may change from year to year, or at other times.

Pediatric Specialty Care

HNE covers pediatric specialty care by persons with recognized expertise in specialty pediatrics for Members who require such services. This also includes services for mental health care.

Physician Profiling Information

This information is available from the Massachusetts Board of Registration in Medicine for physicians who are licensed to practice in Massachusetts. You can request a printout on a doctor by calling 781.876.8230 or, in Massachusetts only, (800) 377-0550. You can also find information about a Massachusetts licensed physician by visiting massmedboard.org.

HNE's Involuntary and Voluntary Disenrollment Rates

HNE's involuntary disenrollment rate is 0%. HNE's voluntary disenrollment rate is 0%.

APPENDIX C. Notice of Privacy Practices

This section lists your rights to Privacy. HNE is required to describe these rights as they are below. If you do not know what a term or a section means, call Member Services.

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Health New England (HNE) knows how important it is to protect your privacy at all times and in all settings. This Notice of Privacy Practices describes how HNE may collect, use and disclose your protected health information, and your rights concerning your protected health information. "Protected health information" or "PHI" is information about you, including demographic information, that can reasonable be used to identify you and that relates to your past, present or future physical or mental health or condition, the provision of health care to you or the payment for that care.

State and federal law require us to maintain the privacy of your protected health information. The federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) also requires us to provide you this notice about our legal duties and privacy practices.

This notice takes effect August 1, 2016. We must follow the privacy practices described in this Notice while it is in effect. We may change the terms of this Notice at any time in the future and make the new Notice effective for all PHI that we maintain. This Notice replaces any other information you have previously received from us with respect to your PHI. Whenever we make an important change, we will publish the updated Notice on our Web site at http://healthnewengland.org/notice-of-privacy-practices. We will inform subscribers whenever we make a material change to the privacy practices described in this notice in one of our periodic mailings.

How does HNE protect my personal health information?

HNE has a detailed policy on confidentiality. All HNE employees are required to protect the confidentiality of your PHI. An employee may only access your information when they have an appropriate reason to do so. Each employee or temporary employee must sign a statement that he or she has read and understands the policy. On an annual basis, HNE will send a notice to employees to remind them of this policy. Any employee who violates the policy is subject to discipline, up to and including dismissal. If you would like a copy of HNE's Policy on Confidentiality, you may request a copy from HNE Member Services. In addition, HNE includes confidentiality provisions in all of its contracts with Plan Providers. HNE also maintains physical, electronic, and procedural safeguards to protect your information.

How does HNE collect protected health information?

HNE gets PHI from:

- Information we receive directly or indirectly from you, your employer or benefits plan sponsor through applications, surveys, or other forms. (e.g., name, address, social security number, date of birth, marital status, dependent information, employment information and medical history)
- Providers who are treating you or who are involved in your treatment and/or their staff when they submit claims or request authorization on your behalf for certain services or procedures
- Attorneys who are representing our Members in automobile accidents or other cases
- Insurers and other health plans

How does HNE use and disclose my protected health information?

HIPAA and other laws allow or require us to use or disclose your PHI for many different reasons. We can use or disclose your PHI for some reasons without your written agreement. For other reasons, we need you to agree in writing that we can use or disclose your PHI.

Uses and Disclosures for Treatment, Payment and Health Care Operations

HNE uses and discloses protected health information in a number of different ways in connection with your treatment, the payment for your health care, and our health care operations. We can also disclose your information to providers and other health plans that have a relationship with you, for their treatment, payment and some limited health care operations. The following are only a few examples of the types of uses and disclosures of your protected health information that we are permitted to make without your authorization for these purposes:

Treatment: We may disclose your protected health information to health care providers (doctors, dentists, pharmacies, hospitals and other caregivers) who request it in connection with your treatment. We may also disclose your protected health information to health care providers (including their employees or business associates) in connection with preventive health, early detection and disease and case management programs.

Payment: We will use and disclose your protected health information to administer your health benefits policy or contract which may involve:

- Determining your eligibility for benefits
- Paying claims for services you receive
- Making medical necessity determinations
- Coordinating your care, benefits or other services
- Coordinating your HNE coverage with that of other plans (if you have coverage through more than one plan) to make sure that the services are not paid twice
- Responding to complaints, appeals and external review requests
- Obtaining premiums, underwriting, ratemaking and determining cost sharing amounts
- Disclosing information to providers for their payment purposes

Health Care Operations: We will use and disclose your protected health information to support HNE's other business activities, including the following:

- Conducting quality assessment activities, or for the quality assessment activities of providers and other health plans that have a relationship with you
- Developing clinical guidelines
- Reviewing the competence or qualifications of providers that treat our members
- Evaluating our providers' performance as well as our own performance
- Obtaining accreditation by independent organizations such as the National Committee for Quality Assurance
- Maintaining state licenses and accreditations
- Conducting or arranging for medical review, legal services and auditing functions including fraud and abuse detection and compliance programs
- Business planning and development, including the development of HNE's drug formulary
- Operation of preventive health, early detection and disease and case management and coordination of care programs, including contacting you or your doctors to provide appointment reminders or information about treatment alternatives, therapies, health care providers, setting of care or other health-related benefits and services
- Reinsurance activities
- Other general administrative activities, including data and information systems management and customer service

Other Permitted or Required Uses and Disclosures of Protected Health Information

In addition to treatment, payment and health care operations, federal law allows or requires us to use or disclose your protected health information in the following additional situations without your authorization:

Required by Law: We may use or disclose your protected health information to the extent we are required to do so by state or federal law. For example, the HIPAA law compels us to disclose PHI when required by the Secretary of the Department of Health and Human Services to investigate our compliance efforts.

Public Health Activities: We may disclose your protected health information to an authorized public health authority for purposes of public health activities. The information may be disclosed for such reasons as controlling disease, injury or disability. We also may have to disclose your PHI to a person who may have been exposed to a communicable disease or who may otherwise be at risk of contracting or spreading the disease. In addition, we may make disclosures to a person subject to the jurisdiction of the Food and Drug Administration, for the purpose of activities related to the quality, safety or effectiveness of an FDA-regulated product or activity.

Abuse or Neglect: We may make disclosures to government authorities if we believe you have been a victim of abuse, neglect, or domestic violence. We will only make this disclosure if you agree or when we are required or authorized by law to do so.

Health Oversight: We may disclose your protected health information to a government agency authorized to oversee the health care system or government programs, or its contractors (e.g., state insurance department, U.S. Department of Labor) for activities authorized by law, such as audits, examinations, investigations, inspections and licensure activity.

Legal Proceedings: We may disclose your protected health information in the course of any judicial or administrative proceeding, in response to an order of a court or administrative tribunal and, in certain cases, in response to a subpoena, discovery request or other lawful process.

Law Enforcement: We may disclose your protected health information under limited circumstances to law enforcement officials. For example, disclosures may be made in response to a warrant or subpoena or for the purpose of identifying or locating a suspect, witness or missing persons or to provide information concerning victims of crimes.

Coroners, Funeral Directors and Organ Donation: We may disclose your protected health information in certain instances to coroners, funeral directors and organizations that help find organs, eyes, and tissue to be donated or transplanted.

Threat to Health or Safety: If we believe that a serious threat exists to your health or safety, or to the health and safety of any other person or the public, we will notify those persons we believe would be able to help prevent or reduce the threat.

Military Activity and National Security: We may disclose your protected health information to Armed Forces personnel under certain circumstances and to authorized federal officials for the conduct of national security and intelligence activities.

Correctional Institutions: If you are an inmate in a correctional facility, we may disclose your protected health information to the correctional facility for certain purposes, including the provision of health care to you or the health and safety of you or others.

Workers' Compensation: We may disclose your protected health information to the extent required by workers' compensation laws.

Will HNE give my PHI to my family or friends?

We will only disclose your PHI to a member of your family (including your spouse), a relative, or a close friend in the following circumstances:

- You have authorized us to do so.
- That person has submitted proof of legal authority to act on your behalf.
- That person is involved in your health care or payment for your health care and needs your PHI for these purposes. If you are present for such a disclosure (whether in person or on a telephone call), we will either

seek your verbal agreement to the disclosure or provide you an opportunity to object to it. We will only release the PHI that is directly relevant to their involvement.

- We may share your PHI with your friends or family members if professional judgment says that doing so is in your best interest. We will only do this if you are not present or you are unable to make health care decisions for yourself. For example, if you are unconscious and a friend is with you, we may share your PHI with your friend so you can receive care.
- We may disclose a minor child's PHI to their parent or guardian. However, we may be required to deny a parent's access to a minor's PHI, for example, if the minor is an emancipated minor or can, under law, consent to their own health care treatment.

Will HNE disclose my personal health information to anyone outside of HNE?

HNE may share your protected health information with affiliates and third party "business associates" that perform various activities for us or on our behalf. For example, HNE may delegate certain functions, such as medical management or claims repricing, to a third party that is not affiliated with HNE. HNE may also share your personal health information with an individual or company that is working as a contractor or consultant for HNE. HNE's financial auditors may review claims or other confidential data in connection with their services. A contractor or consultant may have access to such data when they repair or maintain HNE's computer systems. Whenever such an arrangement involves the use or disclosure of your protected health information, we will have a written contract that contains terms designed to protect the privacy of your protected health information.

HNE may also disclose information about you to your Primary Care Provider, other providers that treat you and other health plans that have a relationship with you, for their treatment, payment and some of their health care operations.

Will HNE disclose my personal health information to my employer?

In general, HNE will only release to your employer enrollment and disenrollment information, information that has been de-identified so that your employer can not identify you, or summary health information. If your employer would like more specific PHI about you to perform plan administration functions, we will either get your written permission or we will ask your employer to certify that they have established procedures in their group health plan for protecting your PHI, and they agree that they will not use or disclose the information for employment-related actions and decisions. Talk to your employer to get more details.

When does HNE need my written authorization to use or disclose my personal health information?

We have described in the preceding paragraphs those uses and disclosures of your information that we may make either as permitted or required by law or otherwise without your written authorization. For other uses and disclosures of your medical information, we must obtain your written authorization. A written authorization request will, among other things, specify the purpose of the requested disclosure, the persons or class of persons to whom the information may be given, and an expiration date for the authorization. If you do provide a written authorization, you generally have the right to revoke it.

Many Members ask us to disclose their protected health information to third parties for reasons not described in this notice. For example, elderly Members often ask us to make their records available to caregivers. To authorize us to disclose any of your protected health information to a person or organization for reasons other than those described in this notice, please call our Member Services Department and ask for an Authorization of Personal Representative Form. You should return the completed form to HNE's Enrollment Department at One Monarch Place, Springfield, MA 01144. You may revoke the authorization at any time by sending us a letter to the same address. Please include your name, address, Member identification number and a telephone number where we can reach you.

What are my rights with respect to my PHI?

The following is a brief statement of your rights with respect to your protected health information:

Right to Request Restrictions: You have the right to ask us to place restrictions on the way we use or disclose your protected health information for treatment, payment or health care operations or to others involved in your health

care. However, we are not required to agree to these restrictions. If we do agree to a restriction, we may not use or disclose your protected health information in violation of that restriction, unless it is needed for an emergency.

Right to Request Confidential Communications: You have the right to request to receive communications of protected health information from us by alternative means or at alternative locations if you clearly state that the disclosure of all or part of that information could endanger you. We will accommodate reasonable requests. Your request must be in writing.

Right to Access Your Protected Health Information: You have the right to see and get a copy of the protected health information about you that is contained in a "designated record set," with some specified exceptions. Your "designated record set" includes enrollment, payment, claims adjudication, case or medical management records and any other records that we use to make decisions about you. Requests for access to copies of your records must be in writing and sent to the attention of the HNE Legal Department. Please provide us with the specific information we need to fulfill your request. We reserve the right to charge a reasonable fee for the cost of producing and mailing the copies.

Right to Amend Your Protected Health Information: You have the right to ask us to amend any protected health information about you that is contained in a "designated record set" (see above). All requests for amendment must be in writing and on an HNE Request for Amendment form. Please contact the HNE Legal Department to obtain a copy of the form. You also must provide a reason to support the requested amendment. In certain cases, we may deny your request. For example, we may deny a request if we did not create the information, as is often the case for medical information in our records. All denials will be made in writing. You may respond by filing a written statement of disagreement with us, and we would have the right to rebut that statement. If you believe someone has received the unamended protected health information from us, you should inform us at the time of the request if you want them to be informed of the amendment.

Right to Request an Accounting of Certain Disclosures: You have the right to have us provide you an accounting of times when we have disclosed your protected health information for any purpose other than the following: (i) treatment, payment or health care operations; (ii) disclosures to others involved in your healthcare; (iii) disclosures that you or your personal representative have authorized; or (iv) certain other disclosures, such as disclosures for national security purposes. All requests for an accounting must be in writing. We will require you to provide us the specific information we need to fulfill your request. This accounting requirement applies for six years from the date of the disclosure, beginning with disclosures occurring after April 14, 2003. If you request this accounting more than once in a 12-month period, we may charge you a reasonable fee.

Right to Request a Copy of this Notice: If you have received this notice electronically, you have the right to obtain a paper copy of this notice upon request.

Who should I contact if I have a question about this notice or a complaint about how HNE is using my personal health information?

To exercise your rights under this Notice or to file a complaint with HNE, please call us at (413) 787-4004, toll free (800) 310-2835 or TTY: 711 or write to:

Privacy Officer – Compliance Department
Health New England
One Monarch Place, Suite 1500
Springfield, MA 01144-1500

Complaints to the Federal Government: If you believe your privacy rights have been violated, you also have the right to file a complaint with the Secretary of the Department of Health and Human Services. http://www.hhs.gov/ocr/filing-with-ocr/index.html.

You will not be retaliated against for filing a complaint with us or the federal government.

APPENDIX D. Pediatric Vision Services

Health New England covers vision services for Members under age 19. EyeMed Vision Care administers this benefit. You will get the most from your coverage if you use EyeMed In-Network providers. To find an EyeMed In-Network provider:

- Call toll free (844) 203-2074 or
- Visit eyemed.com and select the EyeMed ACCESS Network in the Provider Search

Important note: Routine vision exams for children under age 19 will covered with $0 copay only if you use an EyeMed In-Network provider. Routine vision exams by Health New England providers who are not EyeMed providers will not be covered for children under age 19.

What is Covered and What is Not Covered

What is Covered
The chart below and on the next page shows covered services and your cost.

Vision Care Services	In-Network Member Cost	Out-of-Network Reimbursement
Services Fully Covered In-Network		
Exam with Dilation as necessary	$0 copay	$28
Frames Any available frame at provider location	100% coverage for provider designated frames	$40
Standard Plastic Lenses		
Single Vision	$0 copay	$21
Bi focal	$0 copay	$33
Trifocal	$0 copay	$53
Lenticular	$0 copay	$53
Standard Progressive Lens	$0 copay	$70
Lens Options		
UV Treatment	$0 copay	$9
Tint (Solid & Gradient)	$0 copay	$9
Standard Plastic Scratch Coating	$0 copay	$9
Standard Polycarbonate	$0 copay	$23
Photochromic / Transitions Plastic	$0 copay	$51
Contact Lenses *(Contact lens allowance includes material only)*	100% coverage for provider designated contact lenses

Prescription Drug Coverage

This is a rider to your Health New England, Inc. Explanation of Coverage (EOC). Please keep this rider with your EOC. It is a part of your EOC and explains your coverage for prescription drugs.

Your Prescription Drug Copays

Your Prescription Benefit is based on the Health New England Formulary. Please call Member Services or visit healthnewengland.org for a copy of the Health New England Formulary.

Out-of-Pocket Maximum for Prescription Drugs

Copays you pay for prescription drugs are applied to a yearly Out-of-Pocket Maximum for prescription drugs. When you have paid this amount you will not have to pay Copays for prescription drugs for the rest of the year. This Out-of-Pocket Maximum is $750 per individual and $1,500 per family. The Out-of-Pocket Maximum for prescription drugs is separate from the Out-of-Pocket Maximum for medical services.

From a Pharmacy

The Copays for up to a 30-day supply of prescription drugs received from an In-Plan pharmacy are as follows:

	In-Plan
Generic	$12.50 Copay
Brand Name (Formulary)	$25.00 Copay
Brand Name (Non-Formulary)	$50.00 Copay

Mail Order Prescriptions

The Copays for a 90-day supply of maintenance medications through Health New England's participating mail order supplier are as follows:

	In-Plan
Generic	$25 Copay
Brand Name (Formulary)	$50 Copay
Brand Name (Non-Formulary)	$100 Copay

To understand your prescription drug benefit, please read this booklet carefully. If you have questions, call Health New England Member Services at (413) 787-4004 or (800) 310-2835, Monday - Friday, 8 a.m.-6 p.m. Or visit healthnewengland.org.

Prescription drugs are drugs you can only get with a prescription. Health New England will cover these drugs only when prescribed by an HNE In-Plan Provider. There are some drugs that we do not cover. There are also some drug for which we offer limited coverage.

Types of Covered Drugs

We cover most types of needed prescription drugs. Covered drugs must be *Medically Necessary.* We also cover a small number of non-prescription drugs and medical supplies.

Covered drugs are described on a list called a "Formulary." The Health New England Formulary lists both Generic and Brand drugs. Brand drugs may have different levels of Copays. We do not waive or reduce Copays for any prescription drugs. In some Health New England benefit plans, some drugs are available only if the Member pays the full discounted cost of the drug.

In general, new brand name drugs, or existing drugs with new treatment purposes, are not added to Health New England's Formulary right away. There is at least a six month period after they are approved by the FDA called the Clinical Review Period (CRP). This applies to all new drugs, including those dispensed at a retail pharmacy, from a specialty pharmacy, in the doctor's office, or in an infusion suite.

We do not cover drugs during the CRP. Your doctor may ask us to make an exception. If we approve coverage of the drug during the CRP, your Copay will be $50 or 50% of the cost of the drug, whichever is greater. At the end of the CRP, we may decide not to cover the drug and add it to the exclusion list. If this happens, we will not cover you for the drug after the CRP. If we do decide to cover the drug, your Copay will be the amount for the tier to which the drug is assigned.

Health New England continually reviews new prescription drugs and makes new policies about what drugs are covered, and which drugs are not, by reviewing information about the drugs. We also review the input of doctors and pharmacists. We then determine what prescription drugs are excluded from coverage, which drugs are limited and which drugs receive full coverage benefits.

Copay Tiers

Health New England has three levels of Copays for prescription drugs.

The levels (also called tiers) of Copays are different because drugs are put into different groups or classes. Drugs are classified as Generic, Formulary or Non-Formulary. These terms are explained below. ***To find the most up-to-date information about what tier or Copay level a drug has, you may call Health New England Member Services or visit our online searchable drug formulary at healthnewengland.org.***

There are two ways you can buy prescribed drugs. The way you buy them affects how much you will pay. You can buy drugs at an In-Plan Pharmacy. The second way is by mail order. You must pay the Copay when you get the drug at the pharmacy or when you order it by mail.

Generic/Tier 1: A generic drug is a drug with no trademark. Generic drugs contain the same active ingredients as brand name drugs. They deliver the same amount of medication to the body in the same amount of time. The FDA reviews generic drugs to ensure that they are safe and effective. Generic drugs often cost less than brand name drugs. This is why there is a lower Copay. ***Note: In Massachusetts, pharmacists are required to dispense generic drugs unless your doctor orders a brand drug. The doctor must write on the prescription: "No Substitutions."***

Brand Formulary/Tier 2: Health New England's Formulary is a list of selected ***brand name*** drugs. These drugs have all been approved by the FDA. Health New England chooses them after reviewing their safety, their effectiveness and their costs. You will pay a lower Copay for brand-name drugs if they are listed in the Formulary. Please note that if a generic equivalent becomes available for any brand name drug on the Formulary, the brand name drug will move to Non-Formulary status and will no longer be covered unless medical necessity is established.

Brand Non-Formulary/Tier 3: We have found that the brand name drugs on the Non-Formulary list do not have a special advantage over the brand name drugs on the Formulary list. Non-Formulary drugs are generally more expensive than Formulary drugs. Therefore, when your doctor prescribes a Non-Formulary drug, you will pay the Tier 3 Copay. We cover brand name drugs that have FDA approved generic equivalents only if Medical Necessity has been established. Your physician may request prior authorization for a brand name drug by filling out a Medication Request Form and faxing it into Health New England for review, along with documentation of medical necessity. Medical necessity includes, but is not limited to; inadequate response or allergic reaction to the generic.

Changes to Health New England's Formulary

There are sometimes changes in Health New England's Formulary. Some brand name drugs on the Formulary may be replaced by generic drugs or other brand drugs. For example, in some cases, a Formulary drug can be replaced by a generic drug that works equally well. There are several ways you can find out if the drug you are using is on the Formulary list. If you have questions, you can call Member Services. You can also request a copy of the Formulary, or visit our online searchable drug formulary at healthnewengland.org. Also, we send changes to you (or to your employer if you are in a group plan). In most cases we will give you (or your employer if you are in a group plan) at least 60 days notice when drugs changes are made. However, if a generic equivalent becomes available for any brand name drug on the Formulary, the brand name drug will automatically move to Non-Formulary status and will no longer be covered unless medical necessity is established. Each year we send a reminder to our providers about where they can find the Health New England Formulary on healthnewengland.org. We also include Formulary changes during the year in newsletters for Members and Providers.

Self-Administered Injectable Medications and Oral Oncology Drugs

Some injectable medications may be injected only by trained medical staff. When these drugs are injected during a Covered Service by your provider, they are covered in full. Other injectable medications are available at retail pharmacies, and may be self-administered. These injectable drugs are covered by Health New England *only* if you have Health New England pharmacy coverage. Self-administered means that the patient injects the prescribed drug. If a self-administered Medication is injected by medical staff in a provider's office, it is still covered under the pharmacy benefit, and a Copay may apply. If you do not have Health New England pharmacy coverage, we will not cover injectable drugs that may be self-administered. The Formulary lists the injectable drug medications which we cover. To find out if a self-administered injectable drug is in the Formulary, you can call Health New England Member Services or you can request a copy.

Prescriptions for self-injectable medications and oral oncology drugs must be filled through Health New England's specialty pharmacy vendor. Self-injectable medications will be subject to a tiered Copay. You will not have a Copay for oral oncology drugs. We require Prior Approval for some injectable medications and oral oncology drugs. For more information, contact Health New England Member Services at 800.310.2835.

Injectable Medical Drugs

Only urgently needed injectable medical drugs may be filled at contracted retail pharmacies. These will be subject to a tiered Copay. For information about your Copay amount, please contact Health New England Member Services or visit our online searchable drug formulary at healthnewengland.org.

What is Covered

(Some drugs require Prior Approval, or have coverage which has limits. See below for information about drugs that require Prior Approval or are subject to limitations.)

- Compounded medications under $40 that do not contain excluded ingredients listed under "What is Not Covered" below
- Diabetes related medications and supplies
- Drugs that require a prescription
- All birth control drugs and devices that have been approved by the FDA
- Hormone Replacement Therapy (HRT) prescription drugs
- Long term antibiotic therapy for the treatment of Lyme disease
- Note: Cancer and HIV/AIDS are sometimes treated with drugs used "off label." This means that the drug has not been approved by the FDA. For these "off label" uses, we require approval in advance. These uses must meet set standards. The drugs and the treatment methods must be recognized in one of these ways:
  - Through standard references
  - Through other medical literature or
  - By the Massachusetts Commissioner of Insurance.
- Needles and syringes
- Opioid antagonists (medications that block the effects of an opioid drug)
  - Generic: No charge for opioid antagonists
  - Brand/Formulary and Brand/Non-Formulary: No charge for opioid antagonists (but you may have to pay a Copay if a generic is available)
- The following non-prescription drugs are covered with no cost sharing (no Copay, no Deductible) when obtained from an In-Plan pharmacy. These items require a written prescription from a physician:
  - Generic prescription Folic Acid / Prenatal vitamins supplements for women who become pregnant
  - Generic prescription fluoride supplements for children without fluoride in their water source
  - Generic over-the-counter aspirin products (enteric-coated or non-enteric coated), including store brand products for the prevention of cardiovascular disease for women ages 55 to 79 years
  - Generic over-the-counter aspirin products (enteric-coated or non-enteric coated), including store brand products for the prevention of cardiovascular disease for men ages 45 to 79
  - Generic over-the-counter liquid iron supplementation products for asymptomatic children aged 6 to 12 months who are at increased risk for iron deficiency anemia
  - Generic low-dose aspirin for women at risk for pre-eclampsia

What is Not Covered

- Vitamins (except prescription and over-the-counter (OTC) prenatal vitamins and prescription vitamins with fluoride)
- Experimental drugs
- Drugs for cosmetics purposes, including, but not limited to:
  - Avage ®
  - Eldopaque Forte®
  - Glyquin XM®
  - Hydroquinone products
  - Lustra®
  - Penlac®

- Propecia®
- Renova®
- Rogaine®
- Solaquin Forte®
- Tri-Luma®
- Vaniqa®
- Infertility medications for donors
- Marijuana for medical use
- Medications for Assisted Reproductive Technology (ART) and Intrauterine Insemination (IUI) cycles/attempts without Prior Approval
- Non-prescription drugs or medicines, unless otherwise provided under the Plan
- Drugs that are not Medically Necessary and appropriate
- Infertility Medication multidose kit
- Modafinil and Nuvigil® will not be covered except when prescribed to treat narcolepsy, fatigue from multiple sclerosis, shift work sleep disorders (SWSD), or obstructive sleep apnea/hypopnea syndrome
- Xyrem®, a prescription drug
- Compounded medications that include but are not limited to the following ingredients: baclofen, bupivacaine, cyclobenzaprine, diclofenac, diltiazem, flubiprofen, gabapentin, ibuprofen, imipramine, ketamine, ketoprofen, lamotrigine, lidocaine, lidocaine/prilocaine ointment, meloxicam, orphenadrine, prilocaine, and tetracaine

Drugs that Require Prior Approval

Some drugs require your doctor to get approval before prescribing them to you. Health New England has a contract with a pharmacy benefit manager, or "PBM" to manage the drug benefit. The PBM reviews drugs which need Prior Approval, using Health New England's guidelines. When a specific drug meets the guidelines, it is approved by a PBM Authorization Coordinator. If a specific drug is not approved, the Coordinator discusses the request with a PBM Clinical Pharmacist. The PBM Pharmacist decides any questions about Medical Necessity. Sometimes we will add a Prior Approval requirement for a covered drug. You (or your employer if you are in a group plan) will be advised in writing 60 days before these are added. We will provide an amendment that shows the change. We will not advise you if a new drug, at the end of its Clinical Review Period, is added to the Prior Approval list. Please call Health New England's Member Services for an updated listing of drugs that require Health New England's Prior Approval. You can also go to healthnewengland.org and click on the "Pharmacy" tab to find out if a drug is on the Prior Approval list. Some injectable drugs are medical drugs. Medical drugs are not part of your pharmacy benefit, but are covered under your medical benefit.

Prescription Drug Limitations

Health New England's Step Therapy Program

The Step Therapy Program is a way of managing medication. If a drug is in this program, it means there are other drugs available. These other drugs are called "first line" drugs. They are usually less costly and have lower Copays. The first line drugs treat the same problem as the Step Therapy drug. The first line drugs are drugs found to match the clinical effect of the Step Therapy drugs. If the first line drug does not work for you, we will cover the Step Therapy drug. The FDA has approved the first line drugs and the Step Therapy drugs to treat the same conditions.

There are two ways which a Member will be eligible for coverage of the Step Therapy drug. If we have paid a claim for use of the first line drug within the past 180 days, the Step Therapy drug will be covered. Second, if records show that a doctor has treated you with one of the first line drugs, and the physician then prescribes the Step Therapy drug, it will be covered. The use of samples of first line drugs does not satisfy this rule.

If your doctor finds that it is Medically Necessary for you to use a Step Therapy drug *before* trying a first line drug, he or she can request a medical review from Health New England.

We will tell you (or your employer if you are in a group plan) in writing about drugs added to the list of Step Therapy drugs. We will provide you in writing, with an amendment to your EOC. Health New England Member

Services can give you an updated list of Step Therapy drugs. Please call Member Services, or visit our online searchable drug formulary at healthnewengland.org and click on the "Pharmacy" tab.

Health New England's Quality through Quantity Management Program

All prescription medications in the United States are approved by the FDA. The FDA recommends amounts and quantity limits for prescribed drugs. Health New England has a Program to help you receive the correct medication, in the correct amount. When a prescription is filled, it is electronically screened for several quality issues, including allergies, drug-drug interactions and dosage limits.

This screening could, for example, show that you are taking more pills than you need to take. If you are taking two pills of one medication, and each has a 10 mg dose, the pharmacist may be able to give you 20 mg pills. This would give you the proper dose with one pill, instead of two.

Sometimes a pharmacist may notice that your prescription for the month is more than the amount in FDA or clinical guidelines. The pharmacist will then contact you and your doctor. Your doctor will see whether your dose should stay where it is, or whether your medicine should be adjusted.

In all cases, your provider may ask for medical case review to allow your prescription to stay outside of these guidelines. We will work with you and your doctor to help you get the right medicine in the right way.

Health New England's Program for the Safe Use of Short Acting Opioid Medications

Health New England is implementing a program to help with the safe use of short acting opioid analgesics (certain drugs for pain). Examples of these drugs are oxycodone and hydrocodone with acetaminophen. The program includes limits to the maximum day supply allowed within a period of time. Health New England will help Members understand the safe use of these drugs through educational mailings. This program begins on January 1, 2017.

Other Limits

Health New England may place limits on the amount of a drug covered, and the amount that can be gotten with each Copay. We may also place limits on the medical conditions for which a covered drug may be prescribed.

We will provide you (or your employer if you are in a group plan) with 60 days prior written notice before adding any new limits. We will provide you with an amendment that shows the change. For an updated listing, of specific quantity limits, please call Member Services, or visit our online searchable drug formulary at healthnewengland.org and click on the "Pharmacy" tab.

Obtaining Prescriptions

There are two ways to purchase prescribed drugs: at an In-Plan Pharmacy or through mail order. How you buy your prescribed drugs also affects how much you pay. You must pay Copays at the time of purchase.

Using an In-Plan Pharmacy

Limited to up to one 30-day supply per prescription. See "Prescription Drug Limitations" above.

Each Copay covers up to a 30-day supply of a prescription or refill except where it is noted in the Formulary. Sometimes the Copay is more than the retail price. In those cases, the Member pays the retail price. A Member must pay a full Copay for the medication even if the prescription is for less than a 30-day supply. The quantity of drugs included in a 30-day supply is based on normal dosages.

Health New England has a network of pharmacies who participate in the Plan. This is a nationwide network of pharmacies. To find one, please visit healthnewengland.org or call Member Services.

Using Mail Order

Drugs can be gotten through mail order. A Member can buy a 90-day supply of maintenance drugs through the Health New England mail order supplier. A drug is a "maintenance" drug if:

- It is used for chronic illnesses such as asthma, allergies, high blood pressure, etc.; and
- It has been filled at least twice at an In-Plan pharmacy. See “Prescription Drug Limitations”

Each mail order Copay applies to a 90-day supply or less. The quantity of drugs in a 90-day supply is based on normal dosages.

Only FDA approved “maintenance” drugs may be obtained through mail order. The following items may not be purchased through the mail service:

- Any drugs for which mail service is not lawful
- Prescriptions which we feel should not have a 90-day supply
- Injectables

Access 90 Program

This program allows you to receive up to a 90-day supply of maintenance medications at participating retail pharmacies. A Copay will apply to each 30-day supply. To use the Access 90 Program:

- Find out if your drug qualifies by visiting our drug look-up tool on healthnewengland.org, or by calling Health New England Member Services.
- Ask your doctor for a prescription for a 90-day supply of your drug.
- Bring your prescription to a participating pharmacy. All In-Plan pharmacies participate in the Access 90 Program.

The Health New England Access 90 Program does not apply:

- To drugs that do not qualify under the program
- To prescriptions filled at our specialty drug vendor
- If prohibited by law

For more information, call Health New England Member Services, or visit the “Pharmacy” section of Health New England’s web site. Health New England’s telephone number and website are at the bottom of this page.

Health New England

Chiropractic Services Benefit	
HMO	**Office Visit Copay: $20**
This benefit is administered by OptumHealth Care Solutions, Health New England's chiropractic services manager.	
What your plan covers	• We cover medically necessary chiropractic services. • When you receive services, your In-Plan chiropractor must notify OptumHealth Care Solutions. OptumHealth Care Solutions will work with your In-Plan chiropractor to determine the appropriate level of covered services to treat your condition. If your chiropractor does not notify OptumHealth Care Solutions, you will not be held financially liable for the services. • We will cover your visits with an In-Plan chiropractor. A $20 Copay applies for each visit. Copays you pay for chiropractic services are applied to your Plan's Out-of-Pocket Maximum.
Exclusions	• Maintenance care (Care given to reduce the incidence or prevalence of illness, impairment, or risk factors, or to promote optimum function) • Orthotics • Services that are not medically necessary • Services with an Out-of-Plan chiropractor • Exclusions or limitations included in the Explanation of Coverage.
For more information or to find a provider	*On the web:* You can find information about OptumHealth participating chiropractors through our web site. • Go to healthnewengland.org/provider-search • Go down to "Find a Chiropractic Provider" and click Search *On the phone:* • Call Health New England Member Services at (413) 787-4004 or (800) 310-2835 • Call OptumHealth Care Solutions at (888) 676-7768 *Listings are subject to change without notice. Chiropractors are not contracted or credentialed by Health New England.*

Pediatric Dental Services for Children under Age 19

Your coverage with Health New England includes dental services for Members under age 19. Altus Dental Insurance Company administers these services.

If someone covered under your Health New England policy is under the age of 19, Altus Dental will send an ID Card and a *Certificate of Coverage* (*Certificate*). All services are subject to the terms described in that *Certificate*. To be covered, services must be dentally necessary and appropriate as per Altus Dental review guidelines.

The charts on the following pages are a brief summary of the benefits Altus Dental provides. For a full description of pediatric dental benefits, see the *Certificate of Coverage* from Altus Dental.

Important Note: Your Cost sharing for pediatric dental services does *not* go toward your Health New England plan Out-of-Pocket Maximum.

How to Contact Altus Dental

By telephone: Toll free Customer Service at **(877) 223-0588**

Customer Service representatives are available
Monday – Thursday from 8 a.m. to 7 p.m.,
and Friday from 8 a.m. to 5 p.m.

By mail: Altus Dental Insurance Company, Inc.
P.O. Box 1557
Providence, RI 02901-1557

Website: altusdental.com

Deductible and Maximums

Plan Year Deductible (applies to certain services only)	$50 per individual $150 per family	This is the dollar amount you must pay first before the plan will make any payment for certain covered services.
Plan Year Maximum	None	There is no maximum for what the plan will pay for all covered services received in a plan year.
In Network Out-of-Pocket Maximum	Plans effective January 1, 2015 and after: $350 per individual $700 per family	This is the most each covered person will pay for all covered services received from a participating dentists in a plan year.
Out of Network Out-of-Pocket Maximum	None	There is no maximum for what each covered person will pay for all covered services received from a non-participating dentist in a plan year.

Summary of Covered Dental Procedures

Below is a description of covered services under your plan. The chart shows what you pay **after the plan year deductible is met**. Your *Certificate* will provide you with more information about your dental plan. Refer to the “Services Not Covered by the Plan” section of your Certificate for further limitations in coverage.

ℙ Indicates Pre-Treatment Estimate recommended for this service

𝔻 Indicates deductible applies to this procedure

Procedure	You Pay		Frequency/Limitations[†]
	In-Network	Out-of-Network⁕	
Diagnostic			
Oral exam	0%	20%	Twice per policy year
Comprehensive Exam	0%	20%	Twice per lifetime per dentist location
Bitewing x-rays	0%	20%	Two sets per policy year
Complete x-ray series and panoramic film.	0%	20%	Once every 36 months
Single tooth x-rays	0%	20%	As required

[†] Time limits on services (e.g. 6, 12, 24, 36, or 60 months) are computed to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the following year on July 2 or after.

⁕ Out-of-Network care: For services received out-of-network, your costs may be greater than shown because non-participating dentists are paid at a reduced level. Please refer to your Certificate of Coverage for further details.

Procedure	You Pay		Frequency/Limitations†
	In-Network	Out-of-Network⁕	
Preventive			
Cleaning	0%	20%	Twice per policy year
Fluoride treatment	0%	20%	Once every 3 months
Sealants	0%	20%	Once every 36 months on unrestored molars
Space maintainers.	0%	20%	
Minor Restorative			
Amalgam (silver) fillings	25% 𝔻	45% 𝔻	Once per 12 months per tooth surface
Composite (white) fillings	25% 𝔻	45% 𝔻	Once per 12 months per tooth surface
Stainless steel crowns	25% 𝔻	45% 𝔻	
Rebasing or relining of partial or complete dentures	25% 𝔻	45% 𝔻	Once every 24 months
Recementing crowns and onlays.	25% 𝔻	45% 𝔻	
Major Restorative			
ℙ Crowns (over natural teeth when teeth cannot be restored with regular fillings). Stainless steel crowns are covered at a different coinsurance amount.	50% 𝔻	70% 𝔻	Replacement limited to once every 60 months
Endontics			
Root canal therapy on permanent teeth.	25% 𝔻	45% 𝔻	Once procedure per tooth per lifetime
Vital pulpotomy.	25% 𝔻	45% 𝔻	Once procedure per tooth per lifetime
Apicoectomy	25% 𝔻	45% 𝔻	Once procedure per tooth per lifetime
Periodontics			
ℙ Root planning and scaling	25% 𝔻	45% 𝔻	Once per quadrant every 36 months
Prosthodontics			
ℙ Partial and complete dentures	50% 𝔻	70% 𝔻	Replacement limited to once every 60 months

† Time limits on services (e.g. 6, 12, 24, 36, or 60 months) are computed to the exact day. Services are then covered the following day.
